Residency in the Persian Gulf
Karrah 3rd June 1840.

Sir,

With reference to my letter to
Commander Vott under date the 20th Ultimo I have
the honor to inform you that as little probability
exists of the arrival of the Transport Dragon
for some time, and upwards of a month has
elapsed since the Arabian Coast has been visi-
ed by any of our Cruisers it appears to me des-
sirable that one of the Vessels of war now in the
Station should proceed as early as the conve-
nience of the service will admit on a tour of the
part of the Gulf.

You are probably aware that
reconciliation has been effected between Shark
Sultan bin Siggur of Rasel Khymah and Shark
Abdoolah bin Rashid of Amulgar in conse-
quent upon which the Maritime Trade among
the Arab Chiefs has been renewed for twelve
months. I now do myself the honor to enclose

To,

G. B. Brucks Esq.

A copy of this Truce for your information, and
have to request, that in the event of any complaint
being made to the Officer commanding the Vessel
about to proceed to that quarter, of any violation
having taken place, that he will be pleased to
investigate its truth, and endeavour, as far as
this can be done without the exercise of measures
of coercion, to induce the Chief of the offending
party to afford full reparation. - Should his exer-
tions to effect this prove ineffectual, it is advisa-
ble that he should at once return to this Station
for further instructions. -

It is not altogether unlikely that
acts of aggression upon each other may occur in-
cidentally between the Members of the Truce, but with
such occurrences we have no concern; our sole at-
tention being devoted to preserve the inviolability
of that engagement, and to maintain such order
on the Pearl Banks, as may enable the numerous
Classes dependent on a successful prosecution of
the Fishery for their livelihood, to prosecute
their employment in security and peace. -

Should you see no profes-
sional objection to such an arrangement, I would
propose that the Vessel of War selected for this
Service

Substance of a letter from Moolah Hoopseer's
Agent at Shargah to Captain Kennell,
Resident in the Persian Gulf dated 28th October
1840.

I have the honor to report
the particulars of the following case of piracy
which has occurred on the Guttur coast,
by certain evil-disposed persons, usually
residing in Bedda. On the termination
of this year's season, these persons, viz
Jubber Ruzagee, Moobaruk bin Salamah,
Howees ben Salamah, Jasom-ool-Arij-ool-
Sooweedee - Hillal, Ayed-ool-Gutteree, Manu
and Khuleefa ben Zaar returned to
Bedda and having been joined by four
others prepared a boat for the purpose of piracy.
About this time a Ras-el-Shymah boat with
money and cargo arrived at Bedda for the
purpose of trading. The cupidity of these lawless
characters being incited, they sent one of their
party to make enquiries, and having ascer-
-tained that on leaving Bedda, she intended
to sail to Stewart, they embarked and pursued

to the latter place. On the Ras-el-Khyman
Vessel arriving and taking her departure
for Bahrein they followed her as far as
Khor-el-Jullaya where they seized her together
with all the cash and cargo on board,
and having stripped the crew cast them
on shore. They then with their prize pro-
-ceeded to the Dooat-Beniyas and entered ^{+ the backwaters}
Khor Shujer. The cargo on board the captured ^{lying between}
boat consisted of 600 M.S. Rupees. 6 Sirbars ^{Abou Thabee and}
of Henna, 2 Men of Color (one free and ^{Adeed.}
the other a slave) 2 Daggers, one Match-
-lock one Waistbelt. I have since learnt
from Bedda that ^{when} Sheikh Salmin ben Masir
heard of what had taken place, he despatched
a Vessel with 50 Men to Khor Shujer where
they found the Ras-el-Khyman ^{boat} with all
her cargo, which they seized together with
all the pirates, whom they brought to Bedda
and delivered with the two boats and the plun-
-dered property to their Chief. Sattar ben
Suggur on hearing this, informed me of
the same, and I have written to Salmin

You are doubtless aware that this is
not the first time these persons have been guilty
of such an act; and as they have always found
an asylum in Bedda, you must of course be
held responsible for their proceedings. I
was therefore much pleased to hear that
you had lost no time in sending a boat
in pursuit of the galleys in question, and
that you had fortunately succeeded in cap-
-turing the whole party, together with all
the plundered property. This is conduct which
will afford the Government much satisfaction.

I have now sent one of the Govern-
-ment Vessels for the purpose of receiving
the persons whose names are above specified
as well as the property detained. The boat
you will keep by you and preserve from
injury until Sheik Sultan ben Suggar
sends for it.

Resident of Bedda.

for the purpose of receiving ^{two hundred} (200) German crowns
on account of the plunder of the boats above
referred to, and the person of Ben Askar.
Regarding the boat which was taken
by the Gubeesal whom you expelled from
Debye, I consider that Sheik Khuleifa has done
all you could expect in sending it back. I was
sorry however to hear that some of your people
had proceeded in a boat to the Juzerat ul Sadeet
and destroyed a Benigas buqrah, carrying
off three slaves and her stores. As this aggression
was committed by one boat upon another, it is
an infraction of the truce, and you must restore
the plundered property or make compensation for
the same. If you do not do so I shall order
Moollah Hussein to give back to Sheik Khuleifa
the boat which he sent to be restored to you.
Regarding the effects belonging to Ben Askar
you must detain them by you until
further instructions. Signed J. Kennell.

charge of the prisoners, together with the goods and cash
mentioned in the margin which have been recovered by the
Shahs from the individuals concerned in this affair. In the
event of his refusing or evading compliance, it will be
sufficient for the present, to inform him he will be held
responsible for so doing. A translation of the accompanying
letter to the address of that Chief is now enclosed for your
information. While en route for Biddah, I would recom-
mend that the vessel of War proceeding on this service,
should touch at Bahien, in order to receive the reports of
the Agent, and learn the state of affairs at that place, no late
communications having been received from that Quarter.

Two Shikmahs, 2 bags of
6 Bags of Flour
2 Baggies
One Shikmah.

3
As some time has now elapsed since the
Coast of Oman has been visited by our Cruisers, I consider it
advisable, that on the completion of the service at Biddah,
the vessel of War should proceed direct to Des-el-Ahymal, and
deliver over the Boats, and plundered property of Shah Sultan
Ben Suggis boat, to that Chief, taking his receipts for the same,
but should the Biddah Shahs have simply restored the plundered
property without giving up the prisoners, it would be best
that it should be made over to the charge of Abdal-Hassim,
the Agent at Shargah, for delivery to the owner.

4
I am happy to acquaint you that
Shahs Mikhtoon has expressed his readiness to the Shargah
Agent, to settle the amount claimed from him for the plunder
of the Benyas Boats on the occasion of Belor Shah's flight
to Delayd, and ^{also} to give up Ben Oshar, the delinquent
fugitive from Aboothabee. It is very desirable, that this
affair should be settled by the surrender, through us.

being paid by Shaik Mubtomin, and Ben Iskan being
given up to us, I request that the vessel of war away proceed
to Boothaber, and that individual together with the sum
in question, be made over to Shaik Mubtomin ben Shakhbat.

6 With regard to a later complaint from
the Bnyas Chief, on account of the destruction of a boat, the
savage of her stores, and the two slaves comprising her
crew, while employed in cutting wood in one of the
backwaters near Boothaber, the act must be looked on
as a breach of peace, as the aggressors, a party of Debye
Men and Bedwies, embarked in a bazaar for this
purpose; otherwise, had they seized the boat on shore
without leaving the land themselves, the offence would
not have been considered as coming within the conditions
of the treaty. I have instructed Moolah Moussem in the
event of Shaik Mubtomin declining to afford compensation
for this act, to return to Shaik Mubtomin the Debye boat which
he lately sent to our Agent for restoration to Mubtomin.

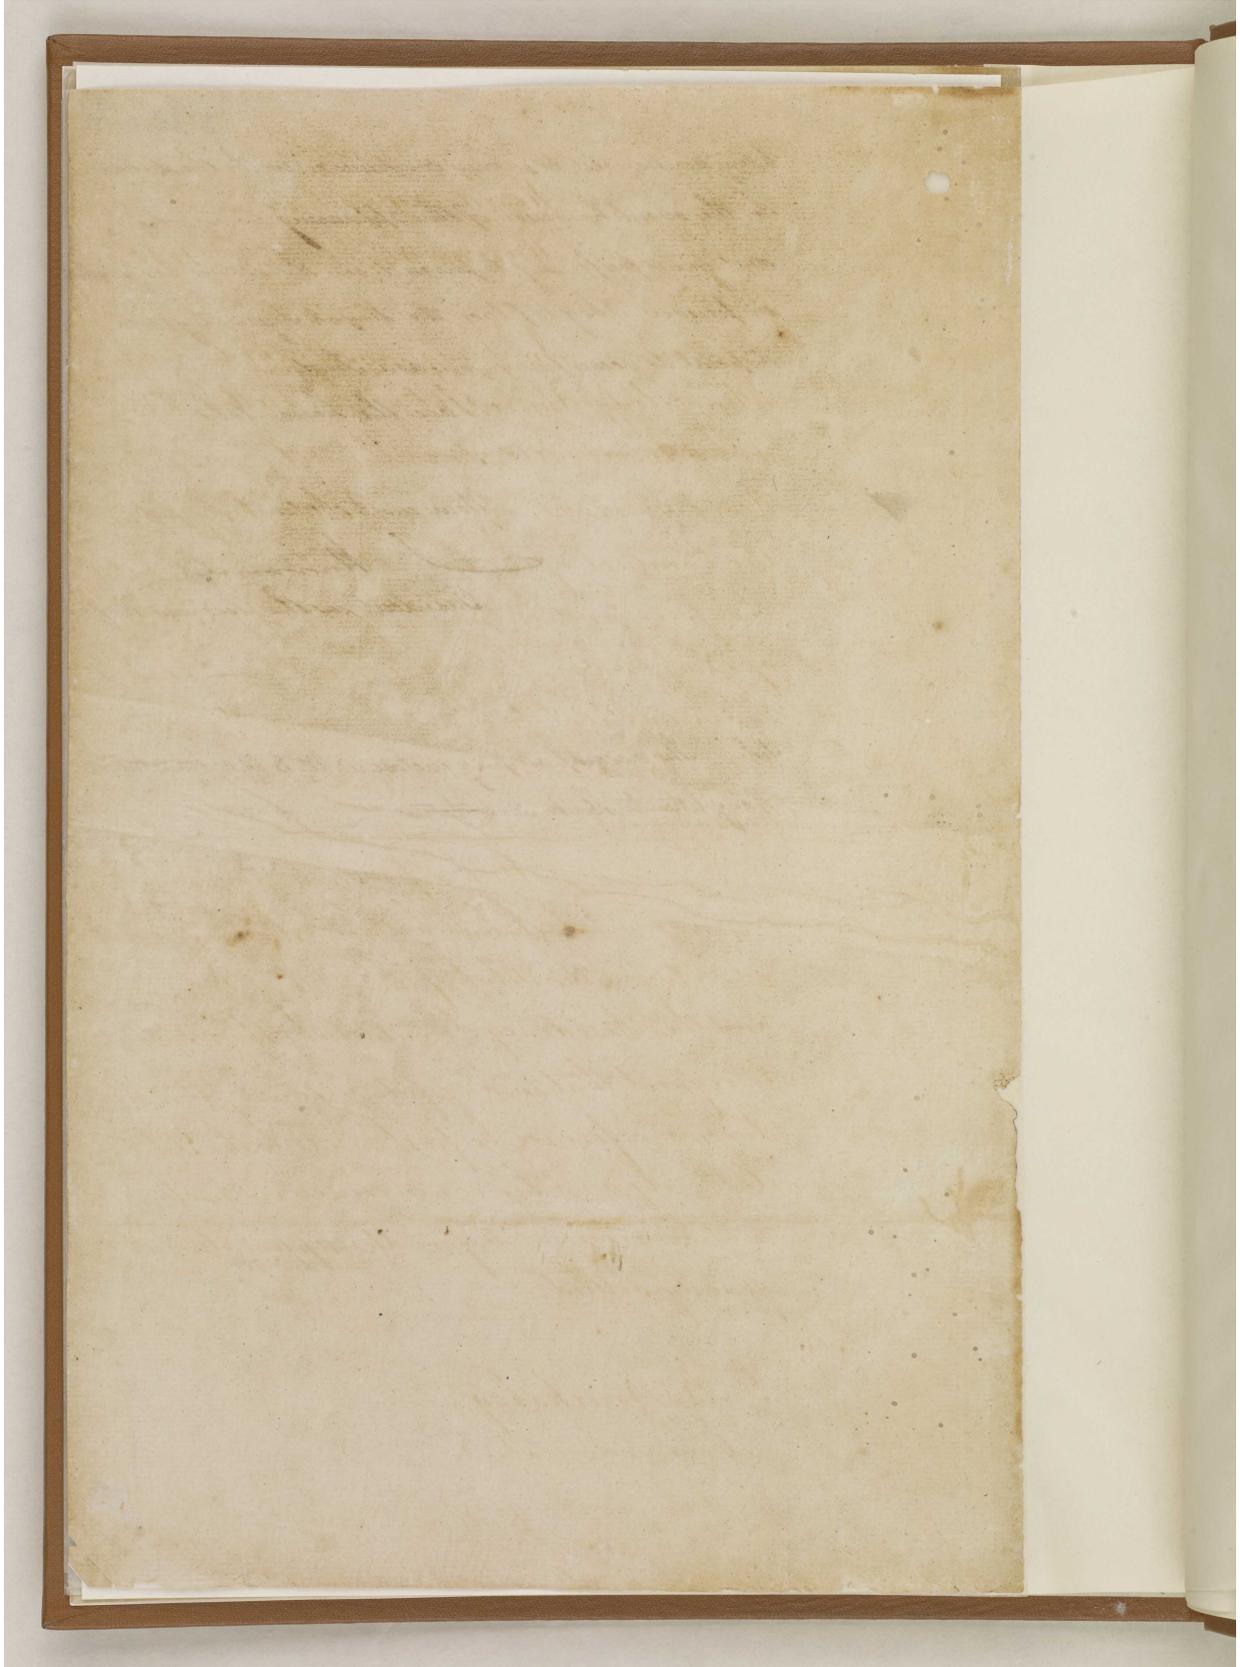

The boat was taken to Boothaber
by a party of the Bnyas who
who had been expelled from
Debye by Shaik Mubtomin.

7 As the information I possess regarding
the piracy committed by Bnyas and the amount of
the claims upon Shaik Mubtomin is not sufficiently
definite at present to enable me to authorise their being
brought to a settlement, by using coercive measures, it appears
to me it would be best if the Honourable Company's
King Agents were to be dispatched upon the service above
referred to, as I am unwilling that the influence attached
to your rank and name should be lessened by an
apparent noncompliance with any demands preferred
by you, when circumstances do not admit of your
being

Residency in the Persian Gulf
Karrah 12th February 1841.

Sir,

I have had the honor to receive
Lieut. Stephen's report of his proceedings dur-
-ing the late cruise of the Honorable Company's
Brig of War Tigris along the Arabian coast.

2nd It is with much regret I find
that the rumors of the seizure of Jubbur Ragraque
and his associates by the Sheikh of Biddah, and
the recovery of the plundered property turn out
to be unfounded.

3rd The statements made to Lieut.
Stephen's by Sheikh Salmin bin Nasir regarding
Jubbur Ragraque, are, as asserted by Moolah
Hoossein, untrue, and strong grounds exist for
suspecting that the Biddah Sheik not only con-
-nives at these lawless acts, but even participates
in the plunder thus nefariously acquired.

4th It is sufficient however for
our purpose that the fact of Jubbur Ragraque
having found an asylum in Biddah the last

Pearl Fishery is unquestioned, and consequently
Sheik Salmin bin Nasir becomes fully respon-

good the value of the property plundered from
the Rasel Rhyamah boat by the notorious cha-

5th I have accordingly the
honor to request that so soon as the convenience
of the service admits, you will have the goodness
to proceed to Biddah with the vessels under your
command specified in the Margin, and on your
arrival at that place, call upon Sheik Salmin bin Nasir to pay forthwith the sum of three
hundred German crowns, as the value of the Cash
Cargo and Stores of the plundered Vessel. Should
the Sheik consent to do this after a limited period
for consideration, you will be pleased to accept
goods and property at their estimated value,
in lieu of money, should he plead his inability
to produce the latter. In the event however of
Salmin bin Nasir refusing compliance with
the demands made upon him, you will consider
yourself authorised to treat him as an enemy,
and to enforce compliance by all the Naval
means at your disposal so far as these can be

6th

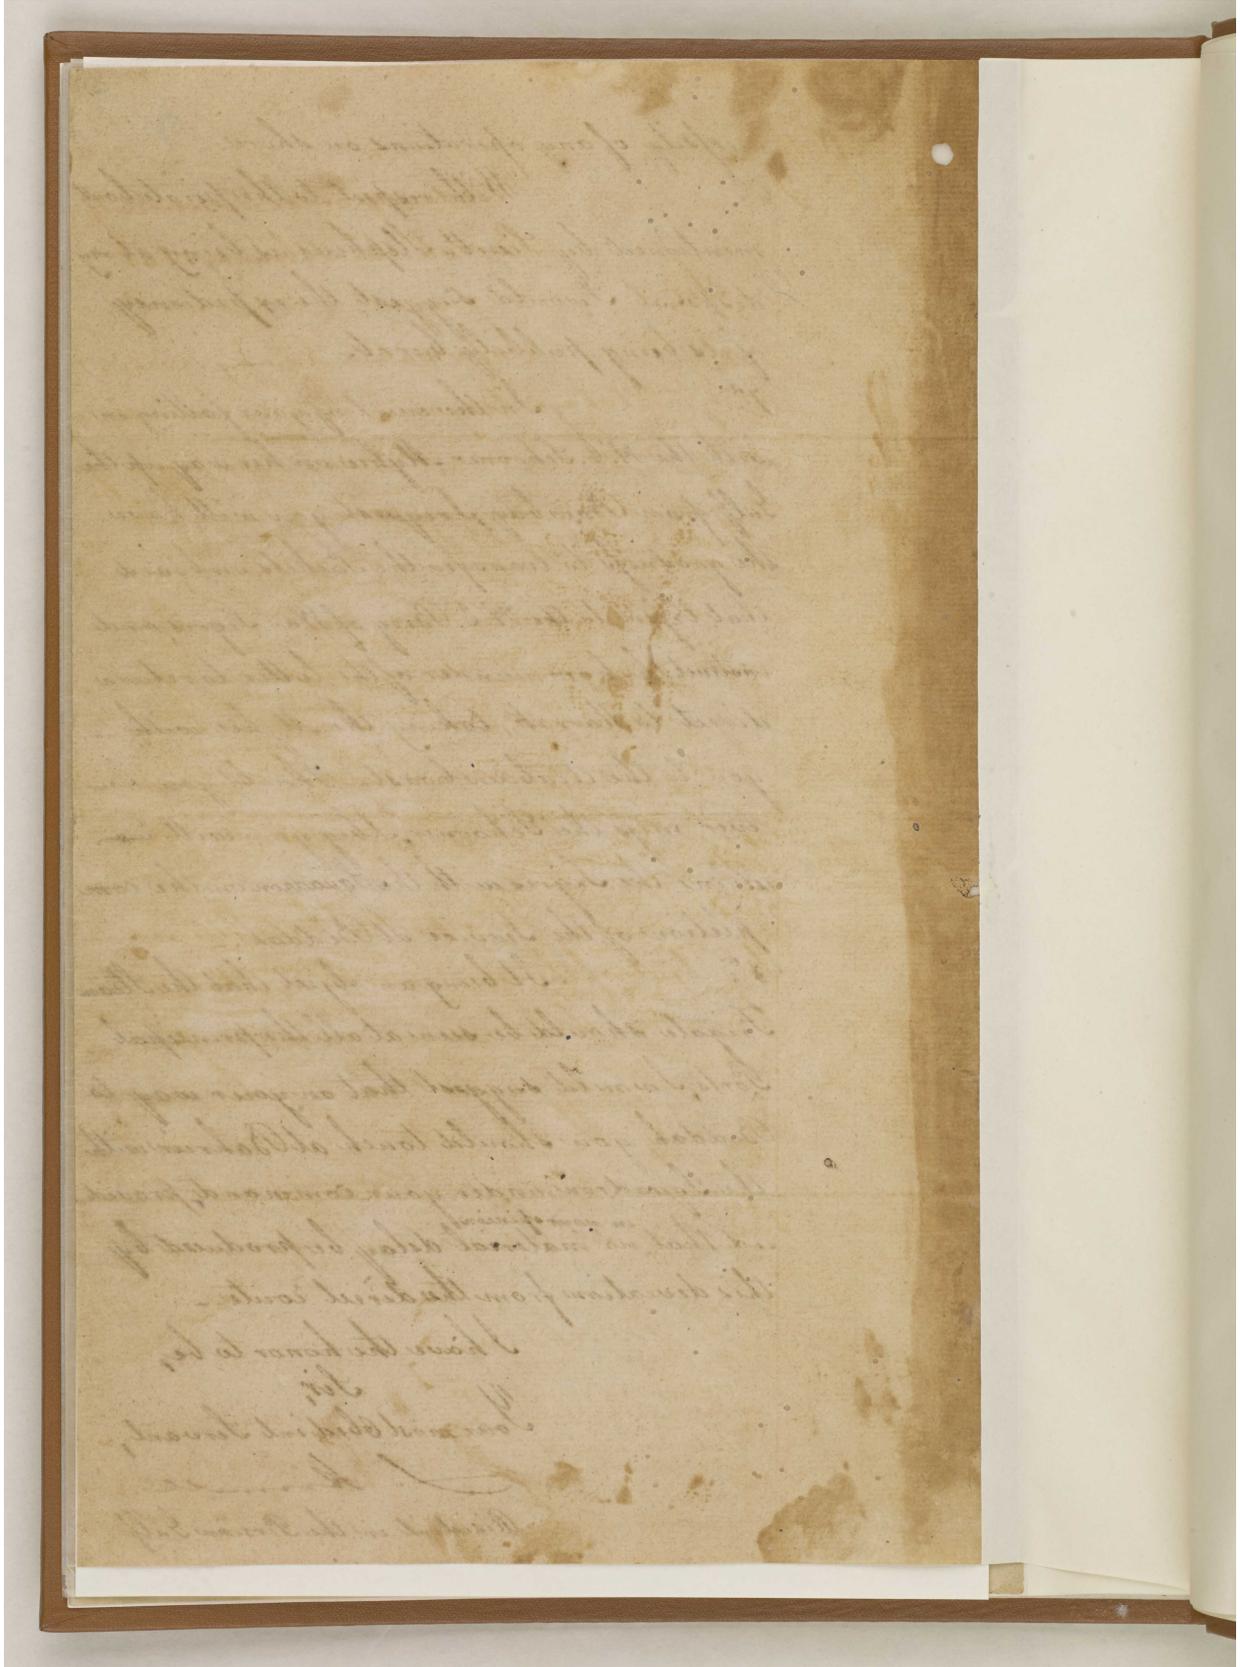

With respect to the pirate boat mentioned by Lieut. Stephens as being at my disposal I would suggest the expediency of its being publicly burnt.

7th
In the event of your falling in with the H. C. Schooner Myhee on her way up the Gulf from Bombay, I request you will have the goodness to transfer the Packets on board that Vessel to the H. C. Brig of War Tigris, and instruct the Commander of the latter to return direct to Harrah, taking the Myhee with you to the Arabian Coast. - Should you however miss the Schooner, I beg you will retain the Tigris with the Squadron on the completion of the Service at Biddah.

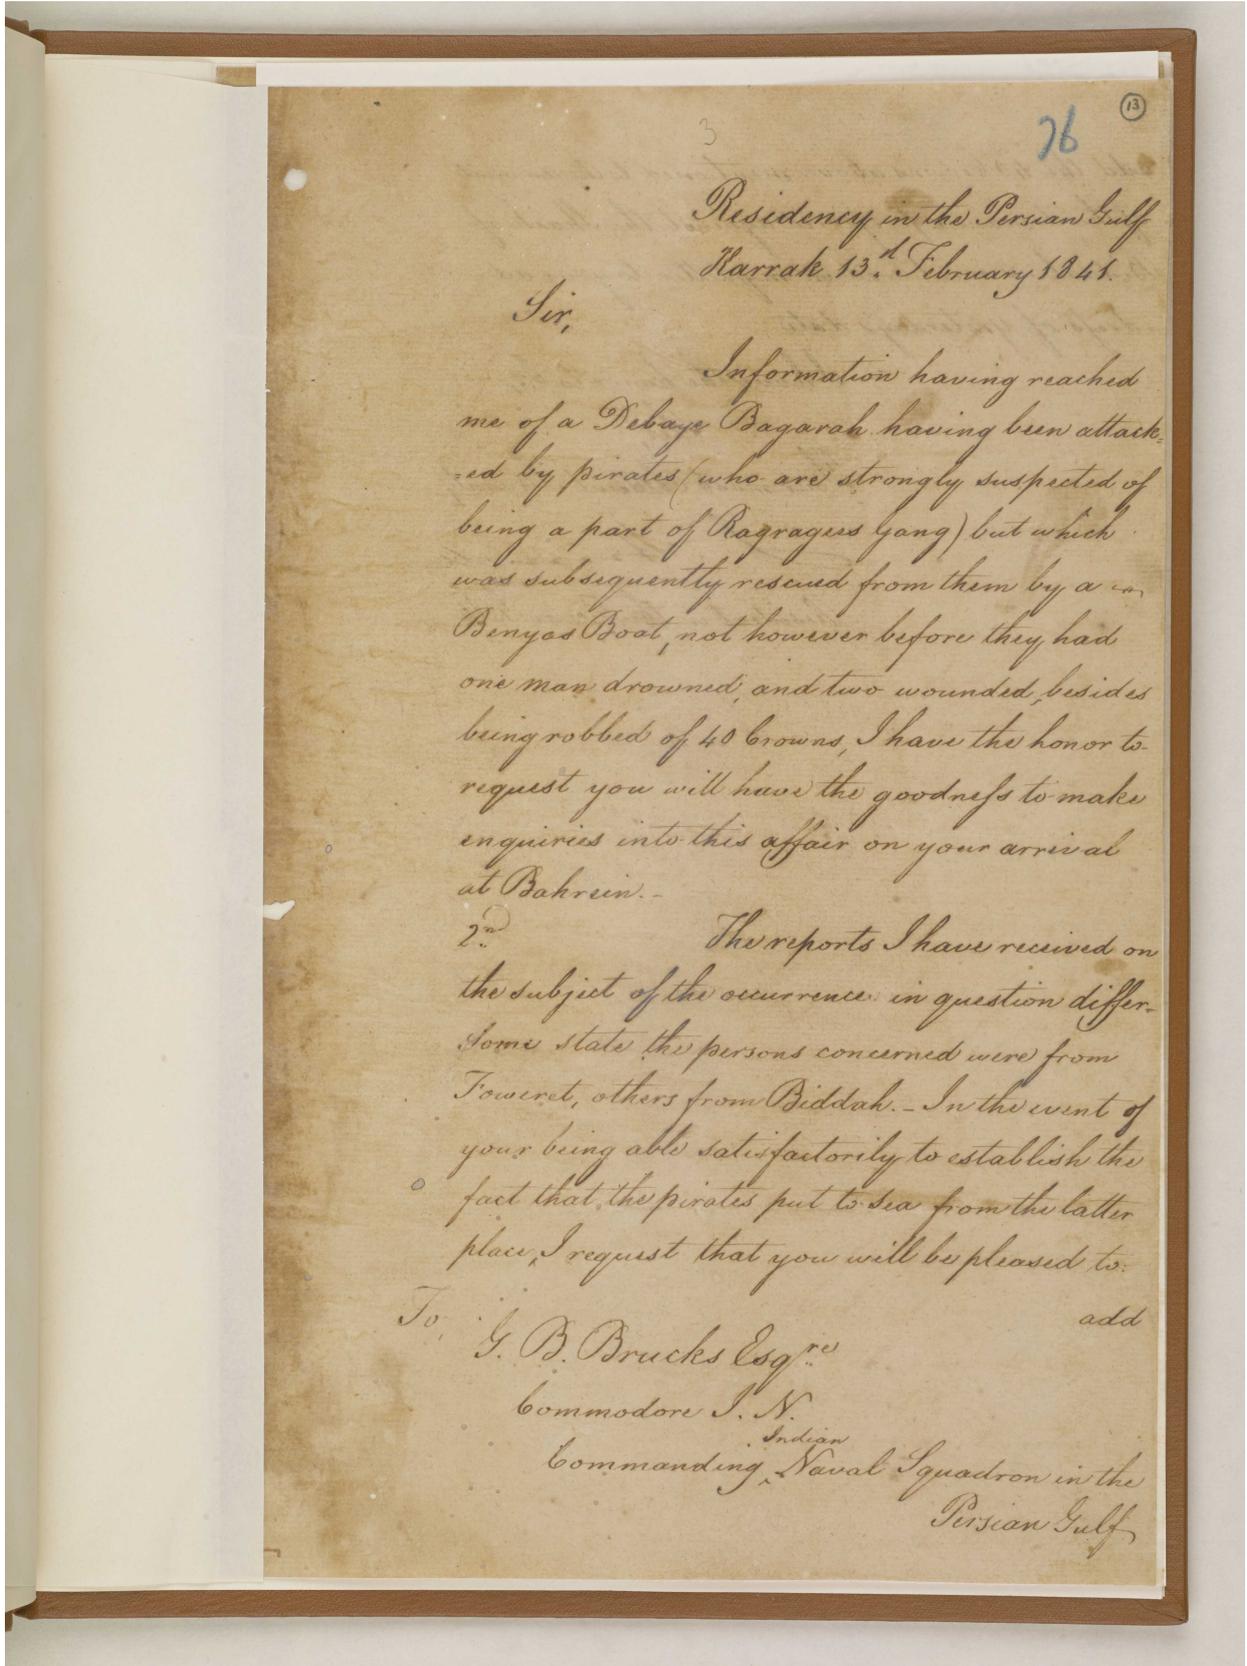

8th
It being an object that the Steam Frigate should be seen at all the principal Ports, I would suggest that on your way to Biddah you should touch at Bahrein with the Squadron under your Command, provided that ^{in your opinion} no material delay be produced by this deviation from the direct route.

of this boat and its Cargo has been estimated at Two
