مراسلات حول تعليم سعيد بن تيمور، نجل سلطان مسقط تيمور بن فيصل. رسائل تناقش تعليمه في كلية مايو في أجمر في مدرسة لأبناء الحكام الهنود. تمنى له السلطان تيمور بن فيصل الدراسة في مدرسة مناسبة للعرب لتحسين لغته العربية كأحد الأسباب. واقترح المسؤولون البريطانيون المدرسة الأمريكية التبشيرية في بيروت، لكن السلطان رأى أن ذلك لم يكن مناسباً. تناقش الرسائل دراسته في مدرسة في بغداد والترتيبات اللازمة لذلك مثل استئجار منزل.

CONFIDENTIAL. No. 36 of 1926. (2)

Political Agency and Consulate,
Muscat, the 30th March 1926.

From Major C.C.J. Barrett, C.S.I., C.I.E.,
Political Agent & H.B.M.'s Consul,
Muscat.

To The Secretary to the Hon'ble the
Political Resident in the Persian Gulf,
Bushire.

Sir,

I have the honour to state that His Highness the Sultan called on me last night in order to discuss the future education of his son Saeed.

Saeed who is 16 years of age has been a pupil at the Mayo College, Ajmere, since February 1922. His Highness while very grateful for the care and attention bestowed on him there considers that the time has now arrived for his removal to an Arab school in an Arabic speaking country.

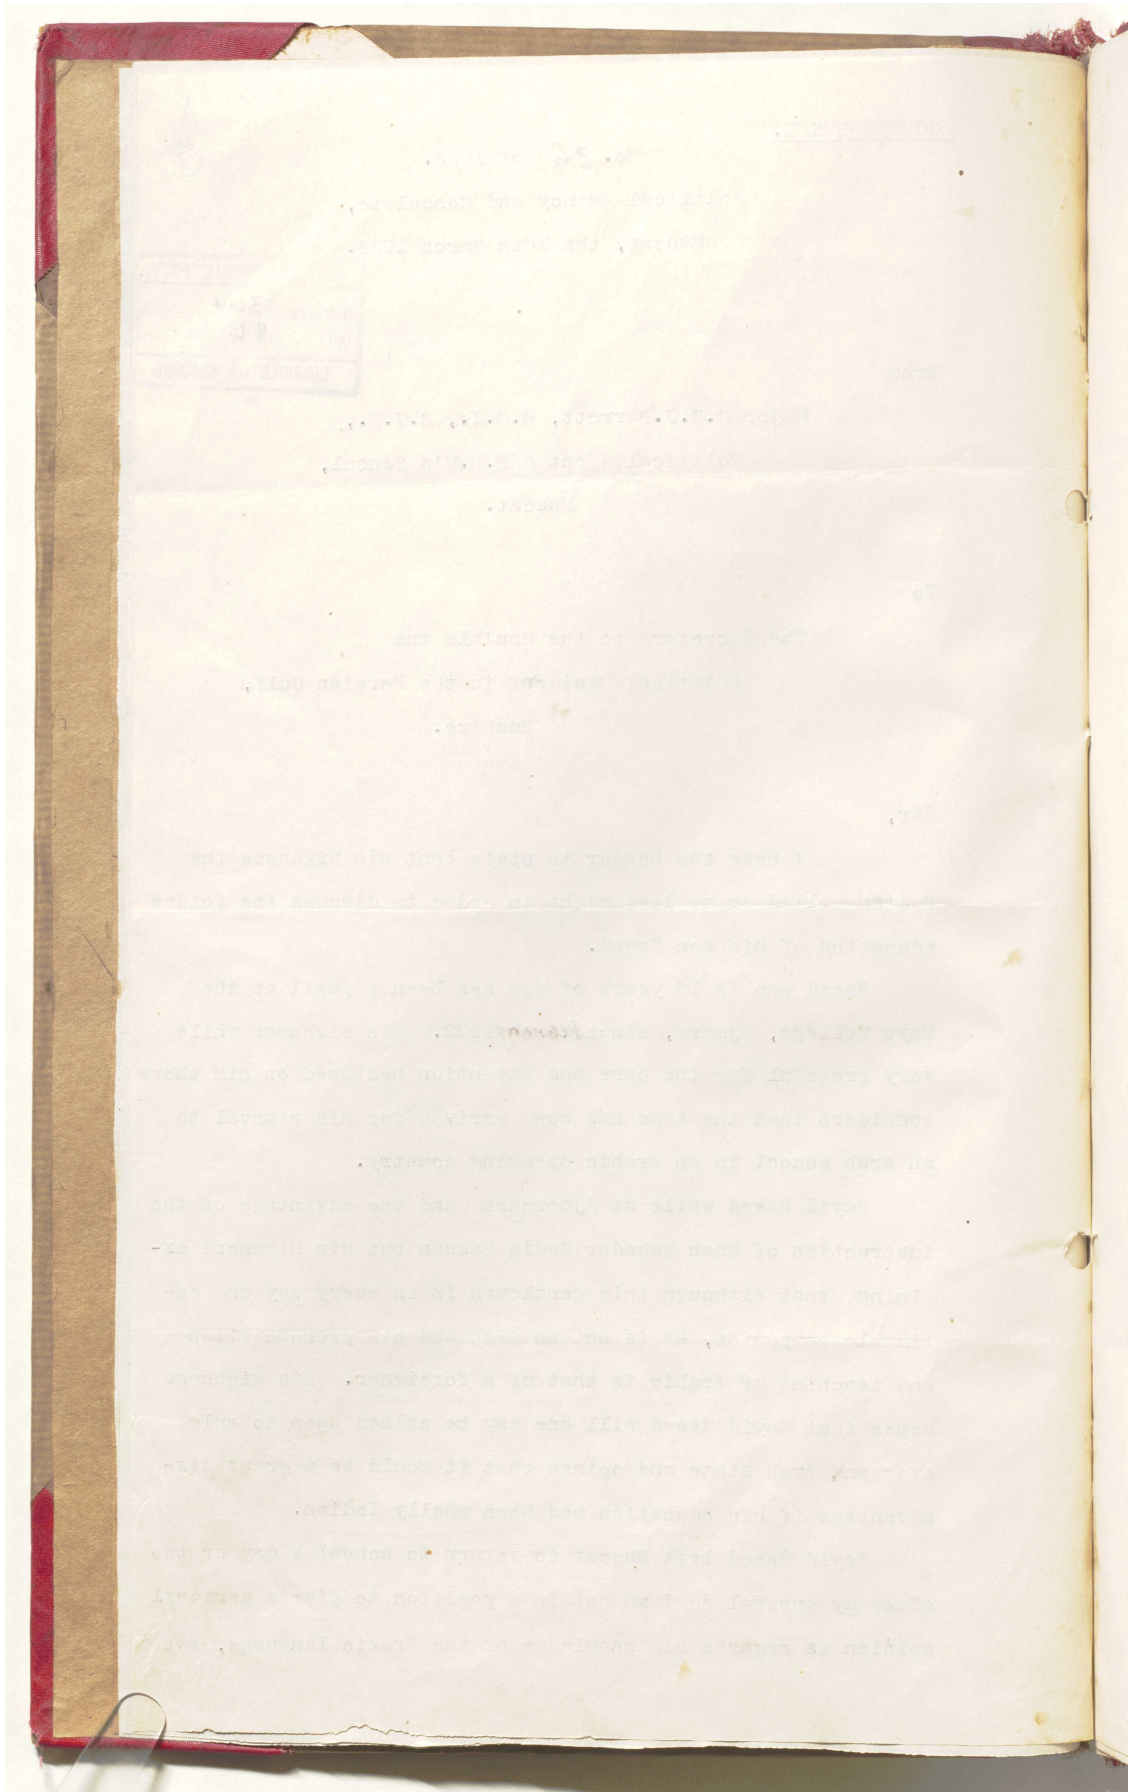

Sayid Saeed while at Ajmer has had the advantage of the instruction of Khan Behadur Sadiq Hassan but His Highness explains that although this gentleman is in every way an estimable companion, he is not an Arab and his pronunciation and teaching of Arabic is that of a foreigner. His Highness hopes that Sayid Saeed will one day be called upon to rule over an Arab state and opines that it would be a great disadvantage if his education had been wholly Indian.

Sayid Saeed left Muscat to return to school a day or two after my arrival so I am not in a position to give a personal opinion as regards his knowledge of the Arabic language, but

but I understand from Mr. Thomas that his Arabic is indeed extremely poor for a youth of his age and station in life. Mr. Thomas tells me that he was astonished at his lack of knowledge of words in fairly common use.

Such being the case I recommend that the question of Sayid Saeed's future education may receive very careful consideration.

2. His Highness would prefer that his son should proceed for one year to some school in Cairo selected by the British Government. He prefers this to the alternative of a school in Baghdad as he considers that Cairo being the intellectual hub of the Mahomedan world, offers a more broadening education than the comparative parochialism of Baghdad.

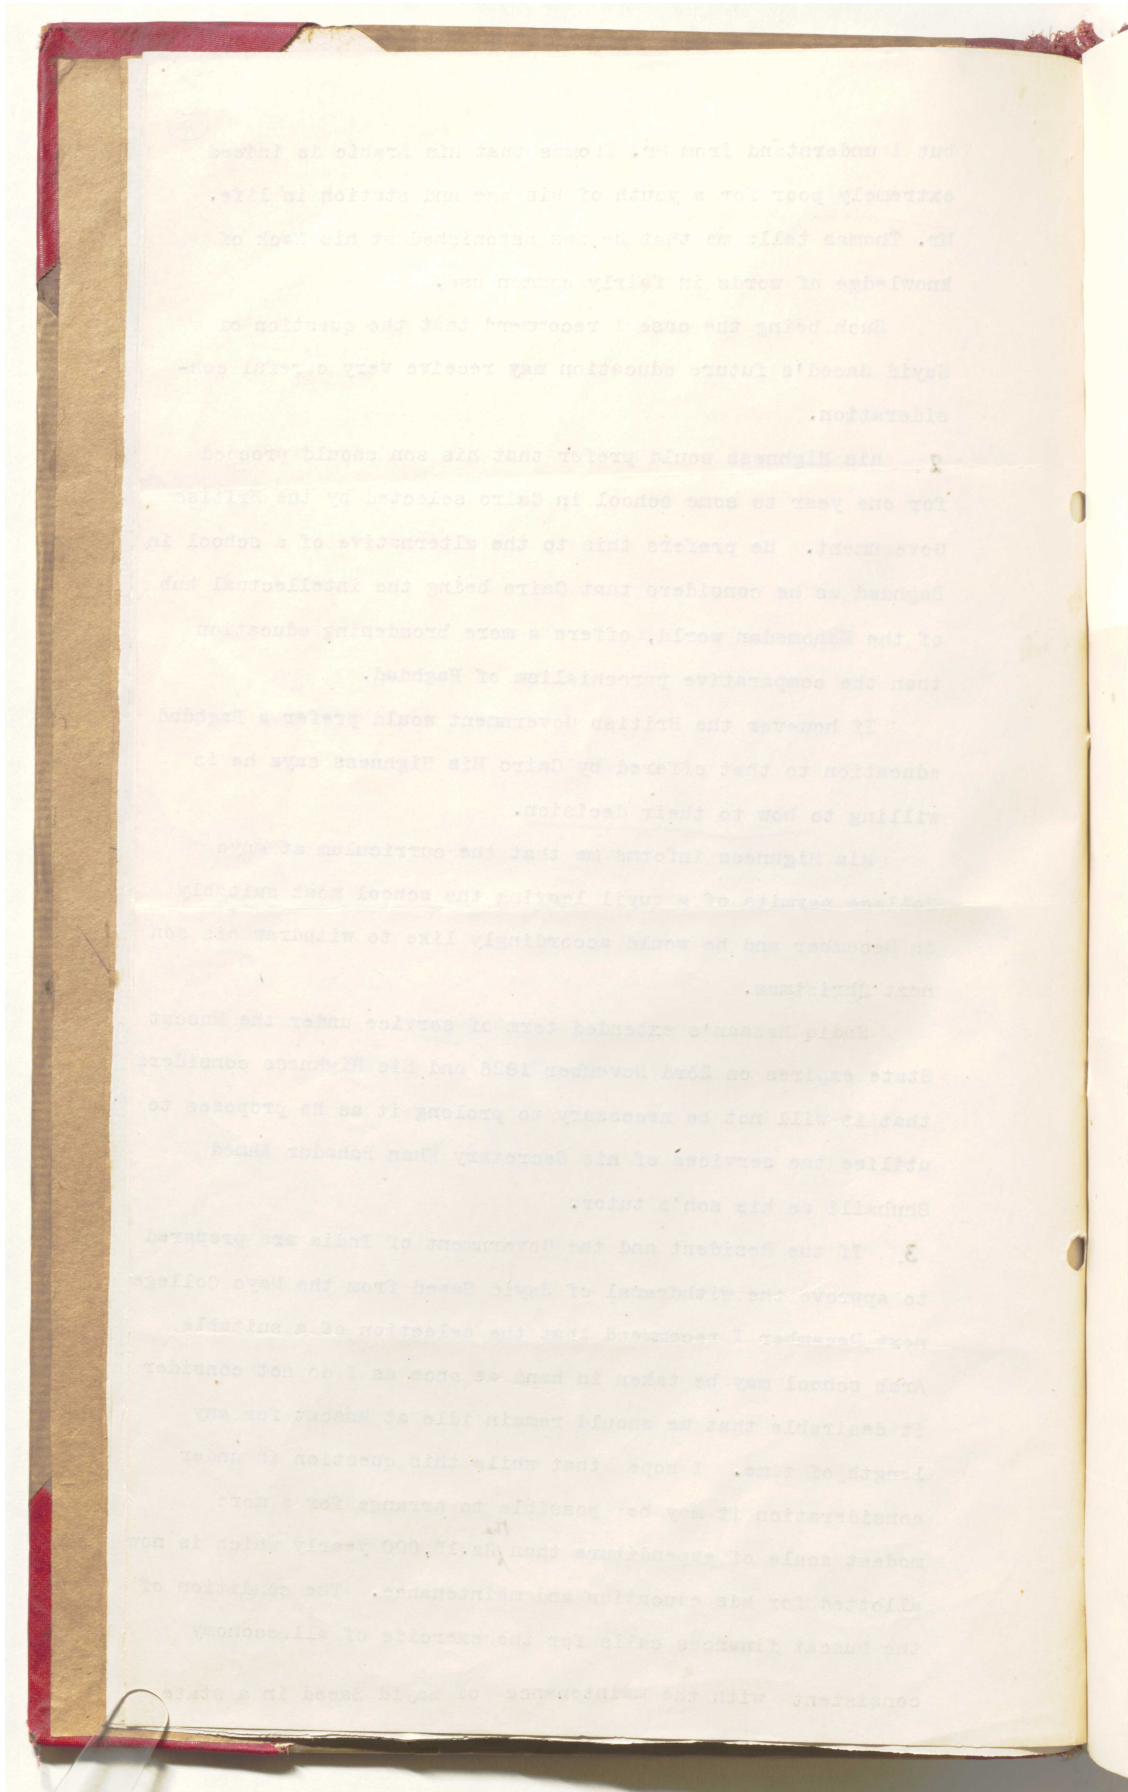

If however the British Government would prefer a Baghdad education to that offered by Cairo His Highness says he is willing to bow to their decision.

His Highness informs me that the curriculum at Mayo College permits of a pupil leaving the school most suitably in December and he would accordingly like to withdraw his son next Christmas.

Sadiq Hassan's extended term of service under the Muscat State expires on 23rd November 1926 and His Highness considers that it will not be necessary to prolong it as he proposes to utilise the services of His Secretary Khan Bahadur Ahmed Shubaili as his son's tutor.

3. If the Resident and the Government of India are prepared to approve the withdrawal of Sayid Saeed from the Mayo College next December I recommend that the selection of a suitable Arab school may be taken in hand at once as I do not consider it desirable that he should remain idle at Muscat for any length of time. I hope that while this question is under consideration it may be possible to arrange for a more modest scale of expenditure than ^{the} Rs.15,000 yearly which is now allotted for his education and maintenance. The condition of the Muscat finances calls for the exercise of all economy consistent with the maintenance of Sayid Saeed in a state

"تعليم سعيد، نجل سمو سلطان مسقط" [ظ3] (١٠٣/١٧)

"تعليم سعيد، نجل سمو سلطان مسقط" [و٤] (١٠٣/١٨)

state befitting his rank. (4)

His Highness is of course right in considering Cairo as superior to Baghdad from a Mahomedan educational point of view, but the anti British tendencies of certain powerful elements in the Egyptian capital may lead Government to decide that it is not a suitable place of residence for the probable heir to the Muscat Sultanate. For this reason I think a more suitable school would probably be found in Baghdad.

4. Sayid Saeed who was born on 13th August 1910 has now reached an age at which I think he may suitably receive a more specialised instruction in the language, history and literature of the Arabs than he can be expected to obtain at a College designed primarily for the education of the sons of Indian rulers. I accordingly support His Highness's ~~XXXX~~ request.

I have the honour to be,

Sir,

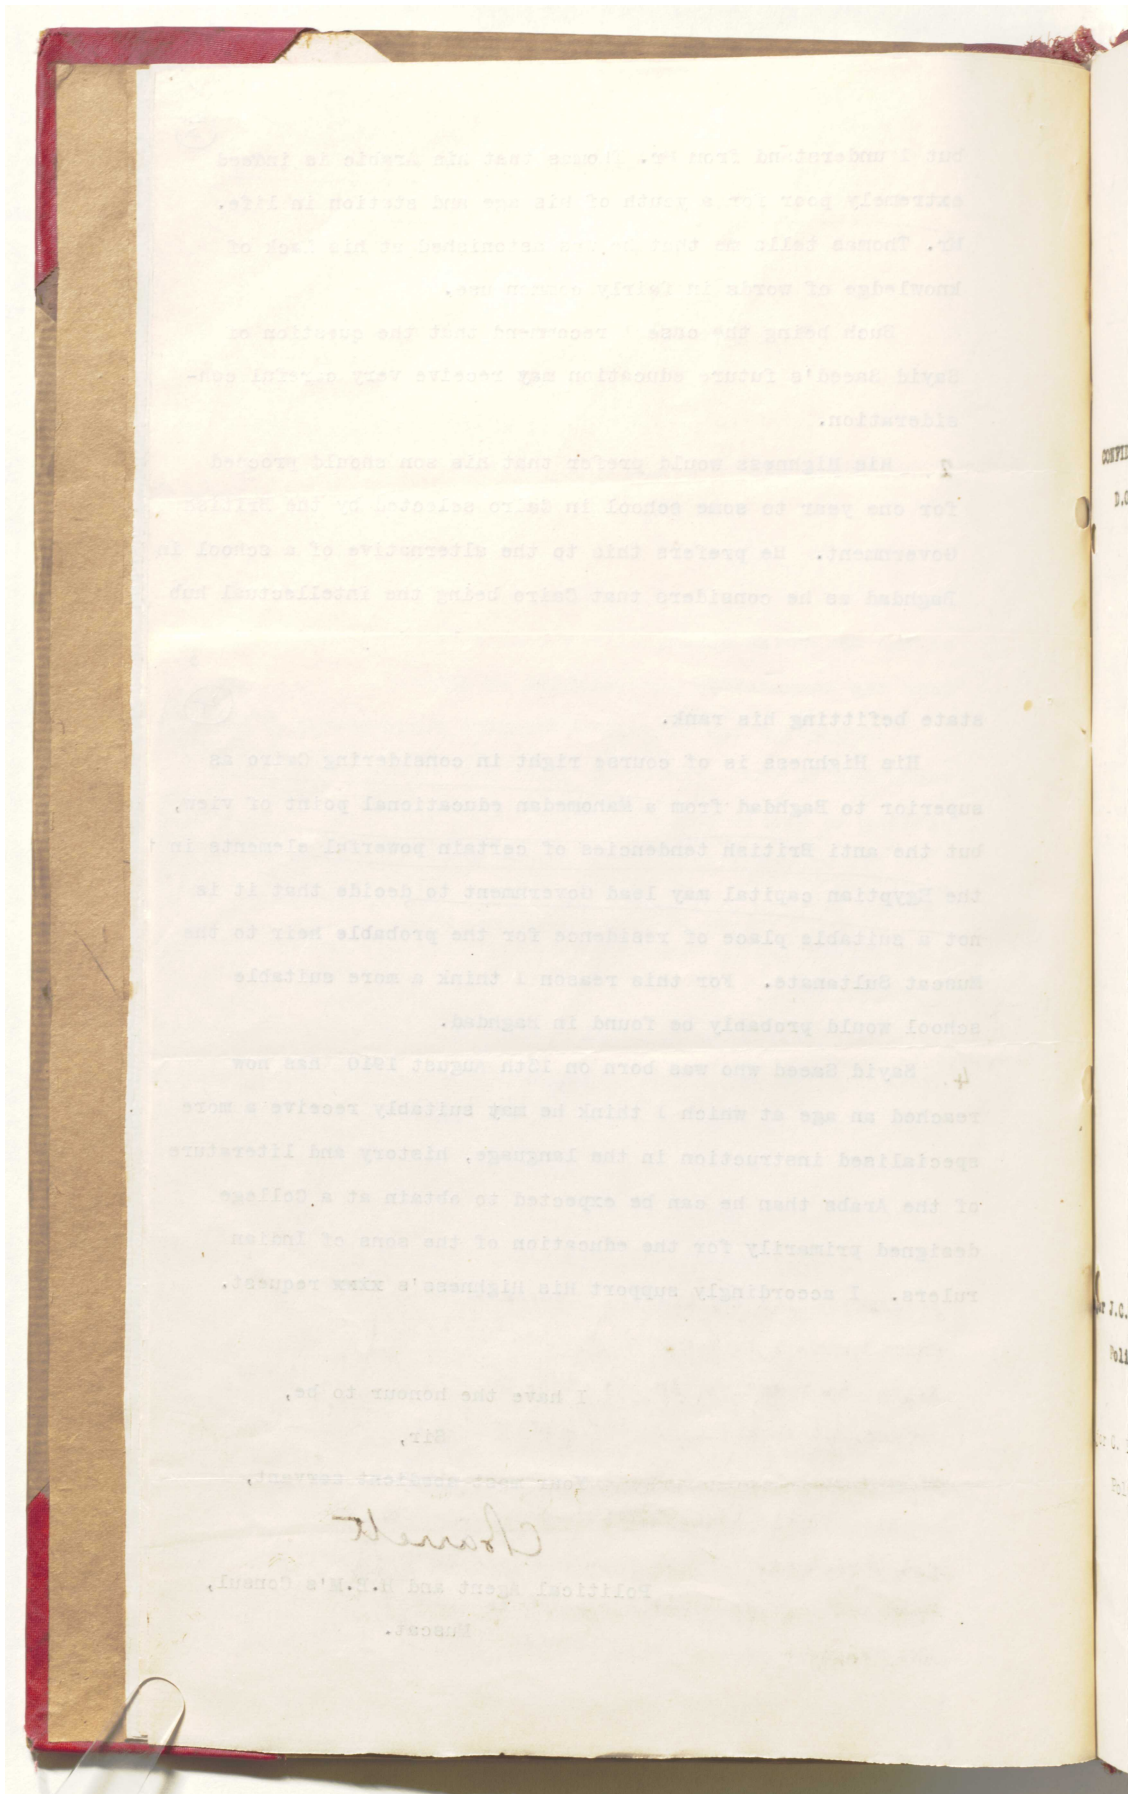

Your most obedient servant,

C Barrett

Dear Horner,

Your D.O. No 143-S.

I know of no arab school which I would consider to be suitable for the Sultan's son, but if such a choice has to be made I would certainly advise the selection of a school in Baghdad & not in Egypt.

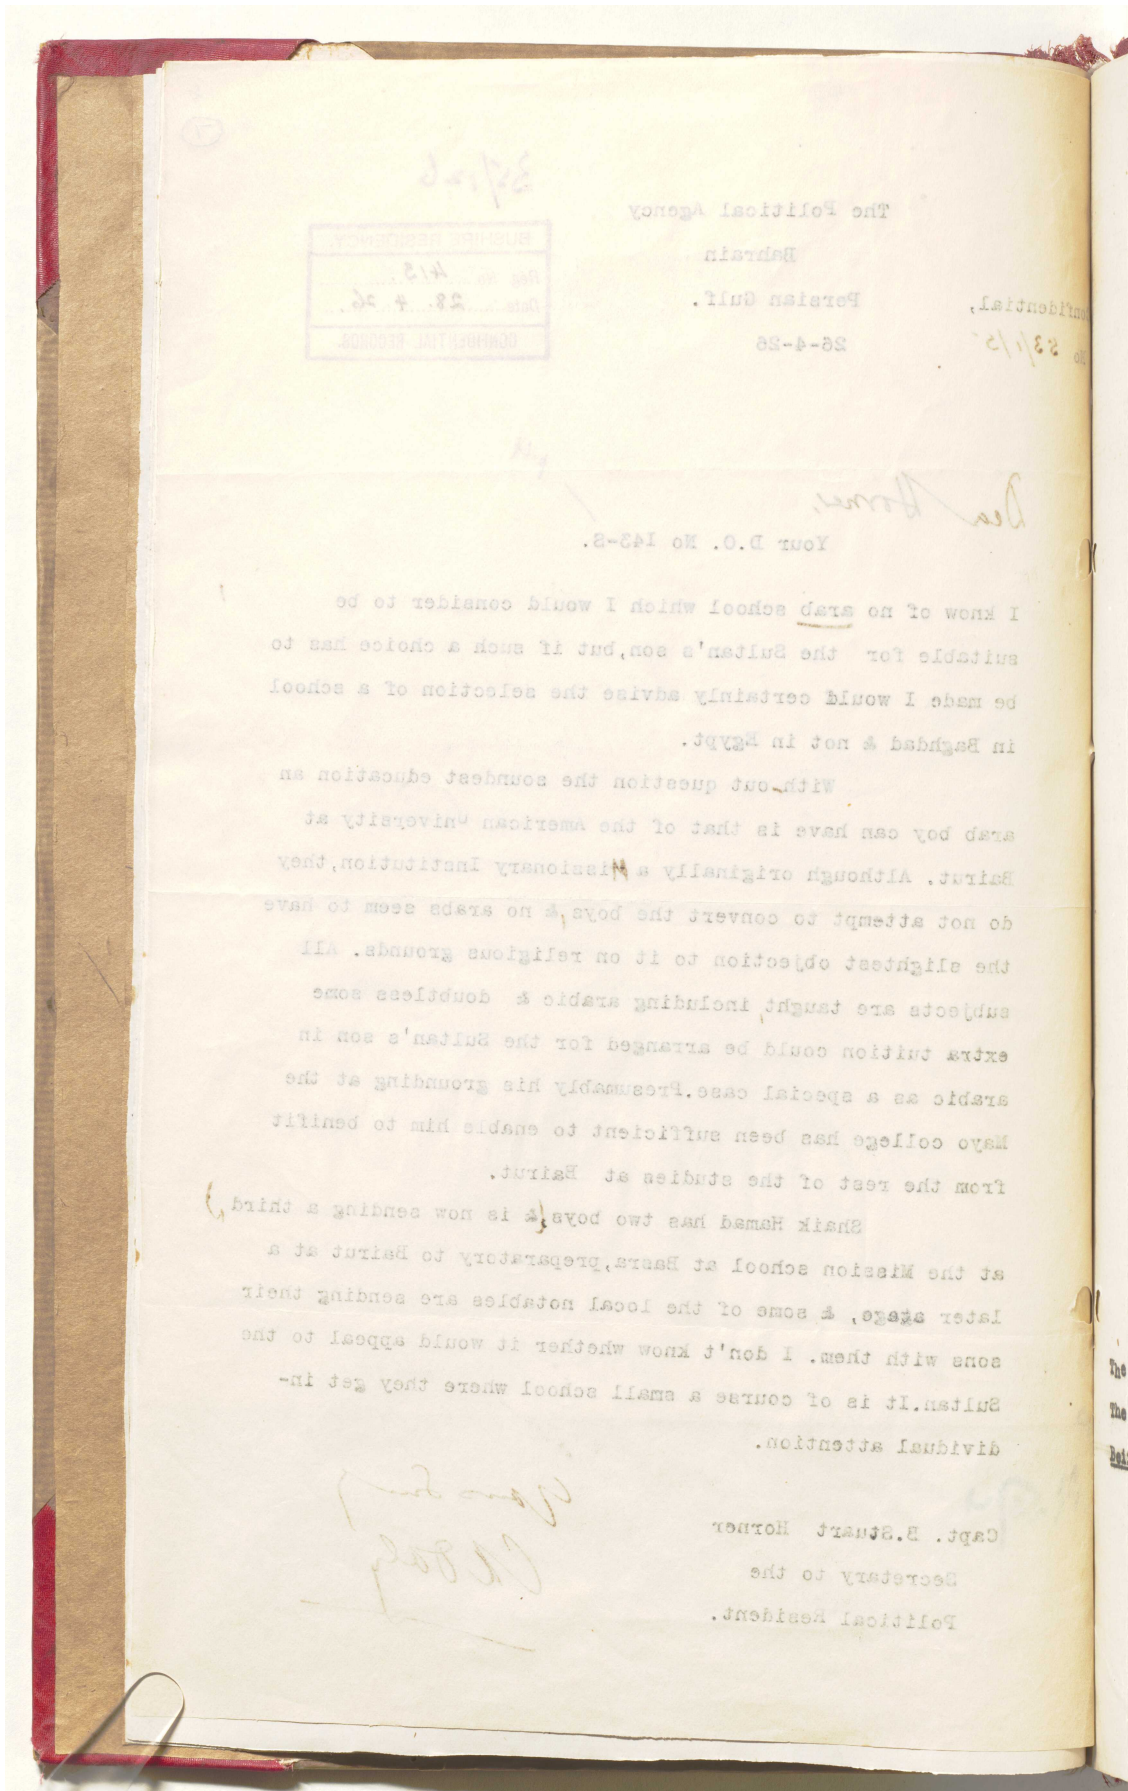

Without question the soundest education an arab boy can have is that of the American University at Bairut. Although originally a Missionary Institution, they do not attempt to convert the boys, & no arabs seem to have the slightest objection to it on religious grounds. All subjects are taught, including arabic & doubtless some extra tuition could be arranged for the Sultan's son in arabic as a special case. Presumably his grounding at the Mayo college has been sufficient to enable him to benefit from the rest of the studies at Bairut.

Shaik Hamad has two boys (& is now sending a third) at the Mission school at Basra, preparatory to Bairut at a later age, & some of the local notables are sending their sons with them. I don't know whether it would appeal to the Sultan. It is of course a small school where they get individual attention.

Mr. Thomas tells me that the Sultan does not take at all kindly to the idea of Beyrout College for Saiyid Saeed's education.

He says it does not satisfy the paramount consideration of giving Saiyid Saeed an " Arabic " education.

* In the circumstances I would appear to be preferable to get into touch with an Arab school in Baghdad. *

2. I enclose a copy of the prospectus for 1925-26 of the American University at Beirut, and am to add that enquiries are being made from His Excellency the High Commissioner concerning the existence of any schools in Iraq suitable for the sons of Arab noblemen.

3. The Hon'ble the Political Resident wishes you, however, to suggest to Mr. Thomas that he should try and persuade His Highness to send his son to Beirut, if possible, as it is reported to be an excellent school, where Arabic is taught, and no attempt is made to convert the boys. In fact no Arab is said to have any objection to it on religious grounds.

I am directed by His Excellency the High Commissioner to refer to your letter No.266-S dated the 28th of June, 1926, regarding the possibility of selecting a school in 'Iraq for the education of the son of His Highness the Sultan of Muscat.

2. His Excellency considers that the American School at Basrah would be the most suitable. This school, which, in the absence of Mr. Van Ess, is now under the supervision of Mr. J. B. I have written fully to Colonel Prideaux explaining
H.H's wishes regarding the education of young Saeed. I think
it would be better to drop the Beyrout College idea. He
says he has met some youngsters from there and was impressed
by their indifference in religious matters. I suppose
"indifferentism" is quite a likely result from the education
of a young Musulman in a non proselytising Mission School.

Dated, Karachi, the 29th July 1926.

Sir, Education of ~~Prince~~ Saiyid Saeed of Muscat.

In continuation of the previous correspondence on the subject of the education of Saiyid Saeed son of His Highness the Sultan of Muscat, I have the honour to forward a translation of a letter which I have just received from His Highness. In this letter His Highness sets out his wishes in detail. After several conversations with His Highness on the subject, I have formed the opinion that he is so opposed to the suggestion of sending his son to Beyrout School that it would be better to drop it and to endeavour to find a suitable school in Baghdad.

2. It will be seen that His Highness is prepared to keep Saiyid Saeed at the Mayo College till the end of the school year and wishes to send him thereafter to an Arab school for one year only to complete his Arabic education.

Sir,

I am directed to invite a reference to correspondence ending with your letter No.8264, dated the 15th July 1926, regarding the possibility of selecting a school in 'Iraq for the education of the son of His Highness the Sultan of Muscat.

2. His Highness has expressed his intention of not sending his son to any school connected in any way with a mission as he particularly wishes the youth's "Arabic education" to be completed. Therefore the American School at Basrah, as well as the American College at Beyrout, appear completely ruled out of consideration.

I have discussed the question of your son's education with the Political Resident and he is willing that you leave your son at Ajair till April 1927 and desires that Khan Bahadur Sadiq Hasan Razawi to remain with him till then. Translated copy of a letter dated the 21st Shaban 1345 (24-2-27) ²⁴ ²⁵
from His Highness the Sultan of Muscat to the Political Agent and
H.B.M.'s Consul, Muscat.

After compliments.

This is our reply to your honour's letter dated
the 28th November 1926 corresponding to 22nd Jamadi al Awwal 1345
which was despatched from Bushire via Muscat on the subject of the
education of our son Saeed and to complete his lessons at Baghdad.
Your honour has mentioned that there is no School there but a
Secondary School. After the verbal exchange of views which took
place between ourselves and yourself on the 22nd February 1927
corresponding to 19th Shaban, and after acquainting ourselves with
the details received from the Director of Education at Baghdad, we
accept to send our son Saeed to Baghdad to complete his Arabic
lessons, although there may not be existing any High School there,
excepting that you did not mention it.

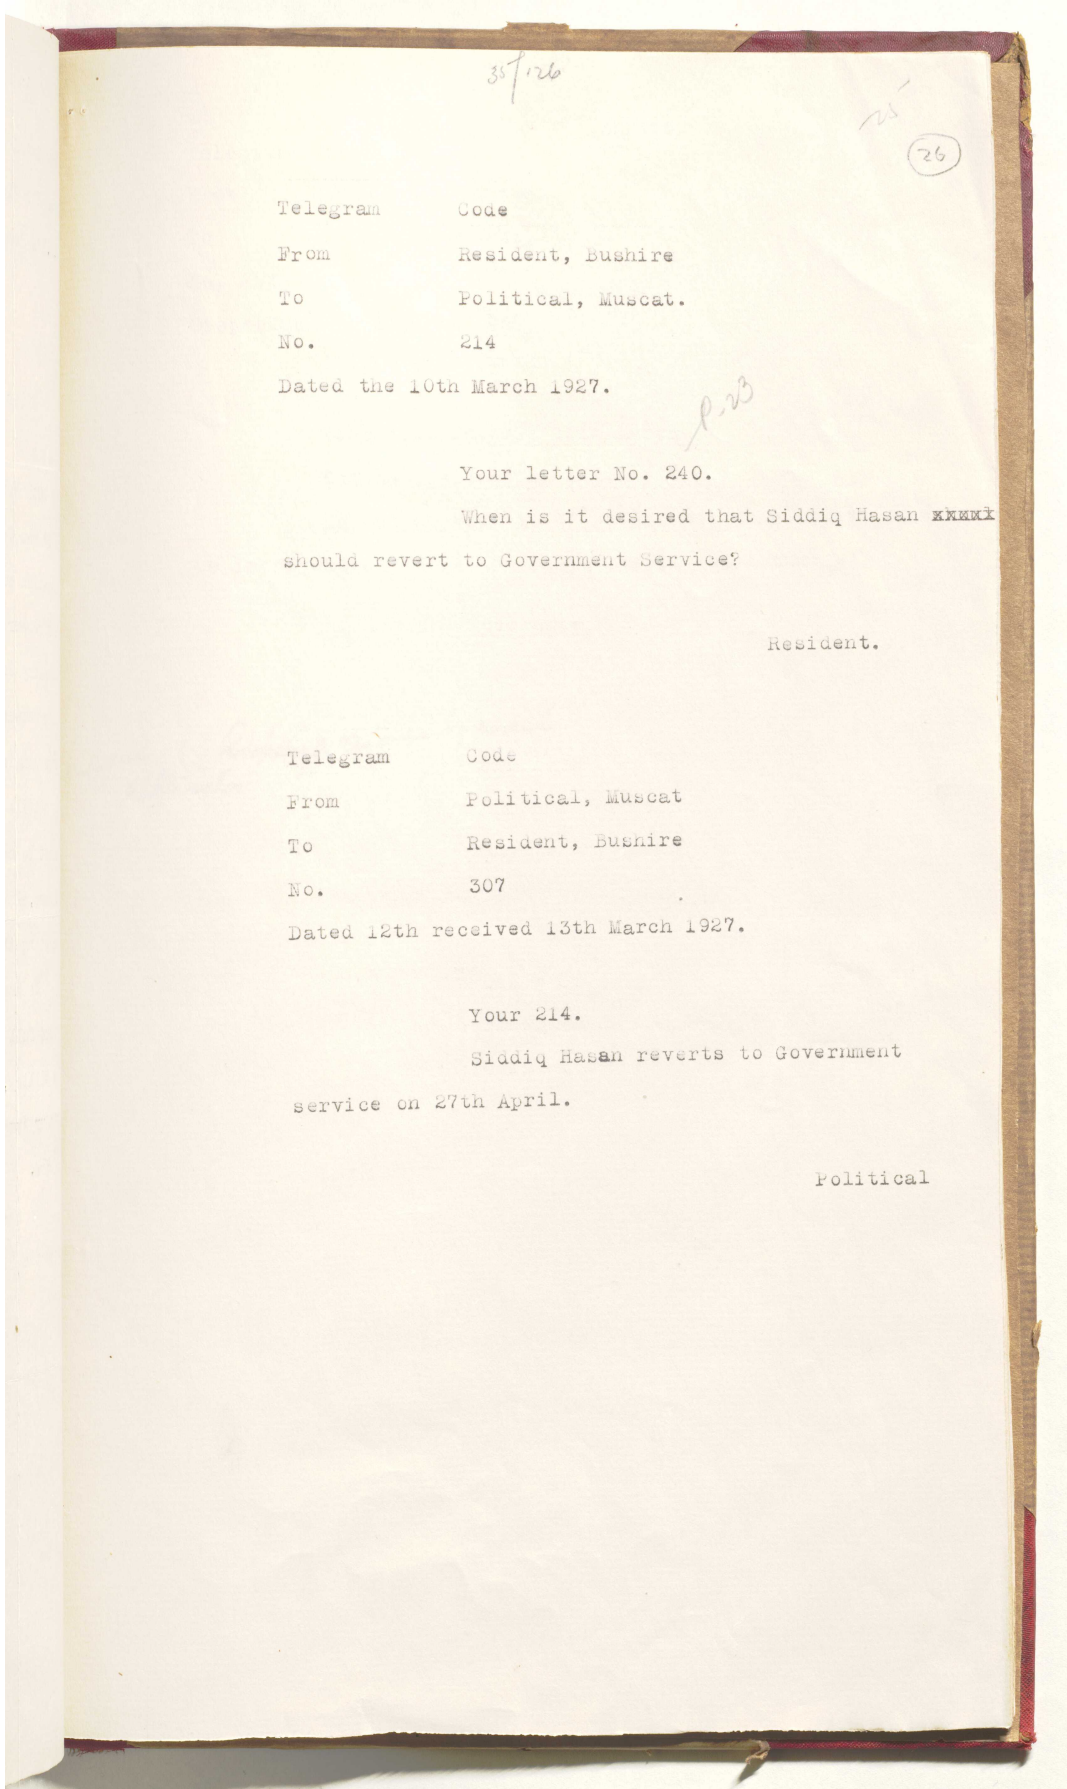

We hope your instructions to the Director of Education to
afford full assistance during our son's stay in the school. And,
God Willing, he will proceed in the beginning of September, and Khan
Bahadur Ahmed al Shubaili will accompany him and supervise his
affairs.

In the end accept many greetings and plenty of salams.

I have to inform you that H.H. the Amir Timur, son of the Sultan of Muscat, left for Muscat on June 22nd, at a few hours notice on receipt of an urgent telegram from his Father. I gather that he is not intending to return next school year. Could you get confirmation of this from the Resident Muscat? The Amir had to leave before the completion of his examinations, but he was given a certificate by the Headmaster stating that his intelligence, diligence and conduct had been excellent during his time at the school.
