About this record

The file contains the statement of budget estimates for the Political Agency, Bahrain for the financial year 1947-48 and associated financial statements and correspondence for the same period.

The correspondence is mainly between staff of the Political Agency, Bahrain, and the Political Residency in the Persian Gulf. There is also some correspondence from the Government of India.

The budget estimates cover the following areas of expenditure: pay of officers; pay of establishment; allowances, honoraria etc.; secret expenditure; other charges; and Dubai Hospital. Also included are detailed pay statements for officers and establishment; statement of special war expenditure; and statements of anticipated excesses and savings.

The correspondence includes covering letters; papers concerning a request for estimates of budget excesses under the heads of office allowance, central contract grant, and launch grant (folios 14-27); notification of closure of the Government of India's accounts (folio 47); and requests for confirmation of budget figures.

The date range gives the covering dates of the main items of correspondence. The earliest document in the file is a letter on folio 45r, dated 26 August 1938, which forms a reused folio for the copy letter on folio 45v. However, it is the letter on folio 45v (which is upside down) that is the actual filed correspondence item, dated by a Political Agency, Bahrain receipt stamp of 26 November 1947. The last dated item in the file is a Political Agency, Bahrain receipt stamp on the last item of correspondence, showing that it was received on 29

December 1948.

EXPRESS LETTER

[N. B.—This is an ORIGINAL MESSAGE, sent by post to save telegraphic expense and undue use of the wires, but intended to be treated, on receipt, with the same expedition as if it had been telegraphed. To save time and formalities it is worded and signed as if it had been so despatched.]

No, 1493-4/4

Dated 30TH APRIL, 1947. 133

Reference your telegram No.A/271 dated the 21st April, 1947.

2. For the reasons given below, it is estimated that the following additional funds are required for the year 1947-48 in excess of budget:

1. Office Allowance	Rs. 7,000/-
2. Launch Grant	Rs. 6,000/-
3. Central Contract Grant	Rs. 3,400/-

1. Office Allowance

The State Engineer reports that the electric wiring throughout the Agency building is worn out and requires complete replacement. He estimates the cost at Rs.1,000/-.

Prices in the local market remain high affecting adversely the cost of various articles such as cloth for liveries, head and footwear etc. for menials.

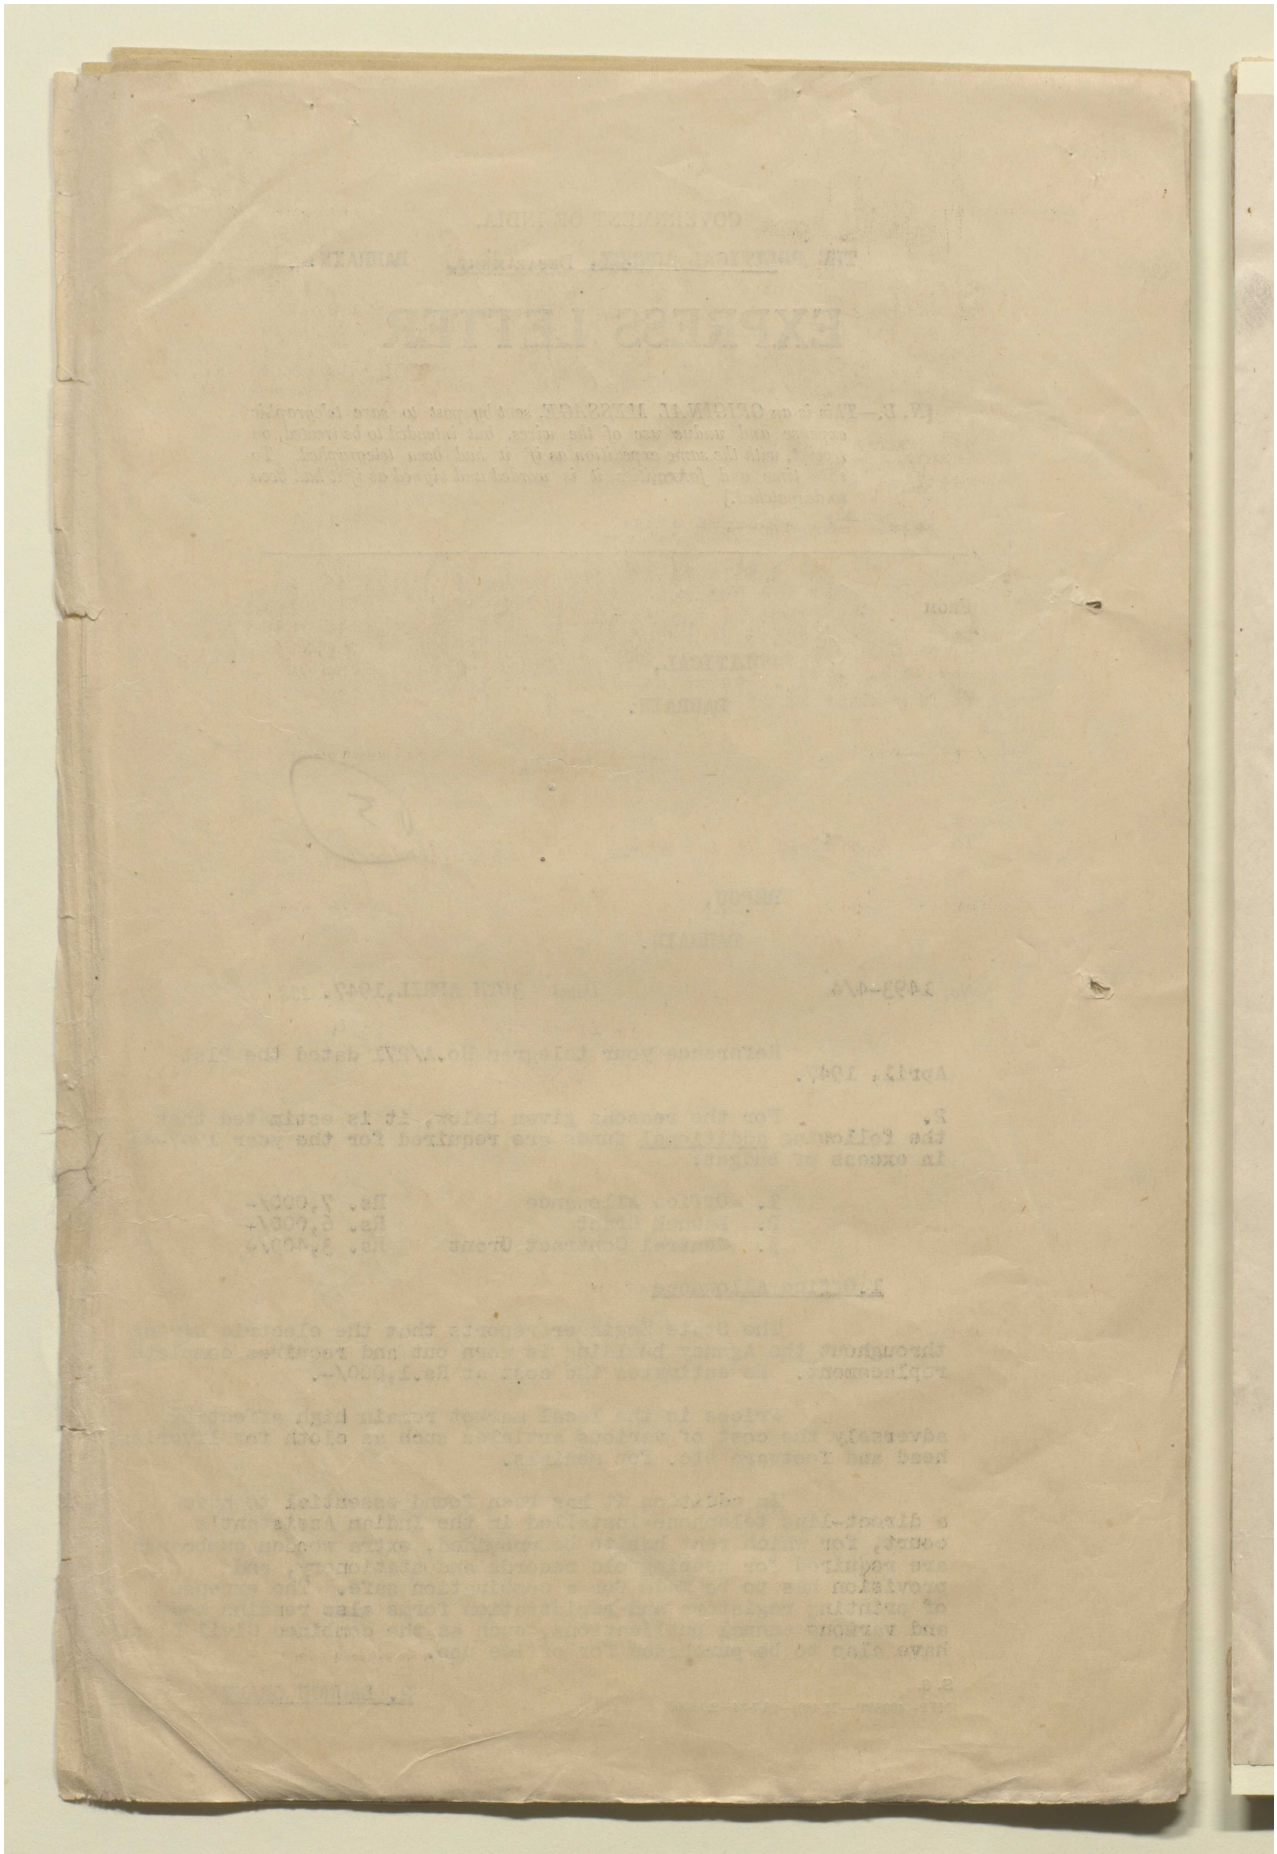

In addition it has been found essential to have a direct-line telephone installed in the Indian Assistant's court, for which rent has to be provided, extra wooden cupboards are required for keeping old records and stationery, and provision has to be made for a combination safe. The expense of printing registers and registration forms ~~also~~ remains heavy and various annual publications, such as the combined Civil List, have also to be purchased for office use.

2. LAUNCH GRANT

2.

2. Launch Grant

The launch has recently been used for journeys to the Trucial Coast and Qatar, and it is likely that it will be increasingly so used in the future. The consumption of petrol and kerosene will, therefore, proportionately increase, and funds will be required to meet these charges and the payment of the daily (tour) allowances to the Nakhuda, driver and khalasis who man the launch. Uniforms for the crew and cleaning materials have to be met from this grant, and money is also required to meet the high cost of maintenance and provision of spare parts, paint, fish oil, rope, etc.

3. Central Contract Grant.

The entire Agency building, including the out-buildings and boundary walls, requires whitewashing, plastering, painting and cleaning. The Agency jetty and boat house require considerable maintenance; wire gauze is needed for doors and windows in the Agency; and provision has to be made to cover the high labour charges and cost of materials still generally prevailing.

The Lanchon has recently been used for journeys to the Trucial Coast and Qatar, and it is likely that it will be increasingly so used in the future. The consumption of petrol and kerosene will, therefore, proportionately increase, and funds will be required to meet these charges and the payment of the daily (four) allowances to the Mahkams, driver and khalees who man the Lanchon. J. Central Contract Grant
The entire Agency building, including the out-buildings and boundary walls, requires whitewashing, plastering, painting and cleaning. dated 23rd October 1947.

Subject:- Closure of accounts of the late Central Government.

Reference Foreign express Letter No. F.198-A/47,
dated the 17th July 1947.

2. Extract paragraph 1 of Office Memorandum from the
Government of India in the Ministry of Finance, No. D.3700-EGI/47
dated the 15th October, 1947, on the subject cited above is forwarded
herewith for information and guidance.

ENCLOSURE.

The accounts of the late Central Government for the
period 1st April 47, to 14th August 47, are being kept open till the
31st March 48, for the adjustment of all transactions relatable to
the pre-partition period and occurring in either Dominion after
the partition. But after the 31st December 47, only transactions
involving Rs. 1 lakh or over will be adjusted against the
combined account. Steps should be taken to see that all
transactions relating to the pre-partition period are adjusted as
early as possible.

2. It has been agreed with the Pakistan Government that each
Dominion should dispose of claims arising after the partition
in its area but relating to the pre-partition period up to a
limit of Rs. 50,000, lists of decisions being sent by each
Dominion to the other in respect of all decisions involving
over Rs. 10,000. Claims involving over Rs.50,000 should be decided
only after consultation with the other Dominion. The Dominion in
which the claim is received should send to the other Dominion
~~via~~ a self contained statement of the case so that a decision may be
reached without the avoidable transit of the files. If in any case
the Dominion consulted asks to see the files or it is considered
necessary that the files should be shown there is no objection to
this being done.

3. All Ministries should immediately review the sanctions
issued before the partition and continuing since then to
see if any modifications are necessary. In the case of sanctions
relating to the Provinces which remained wholly in the
Indian Dominion it may not be necessary to do so. But for sanctions
issued in the Provinces which have been divided it may be necessary
to reduce the scale of sanctioned expenditure. Ministries should
use their discretion in undertaking this review which should
be completed in a months time, and the result reported to this
Ministry. It will be realised that no review is necessary in
respect of sanctions operative in those areas which are now
included in Pakistan as this is no longer the concern of the
Indian Dominion.

In order to arrive at the estimated expend. for the
Current year, three statements as under are prepared:-

- (1) Actual expd. for each year since 1939,
- (2) Actual expd. under each sub-head for
last four years,
- (3) Estimated expd. for 1947-48.

It will be seen from statement (1) that the expd. under
each grant had increased from the year 1943-44. Hence a
statement (2) has been prepared to show the expd. under each
sub-head during the last four years.

We have already asked for funds as under for the current
year 1947-48 in our budget estimates:-

Office Allowance-	Rs. 22000/-
Launch Grant-	Rs. 9000/-
Central C. Grant-	Rs. 1600/-

Re.O.A.

There is no likelihood of any decrease in the
dearness allowance granted to menials, cost of various articles
purchased from local market, printing charges of Court
registers and other forms, consumption of Electricity and
Telephone charges during the current year. A further allotment
of Rs. 6000/- is therefore estimated under this grant which will
make the total grant to Rs. 28000/- In this connection please
see statement (3) above.

Re.L.G.

As the Launch is now completely in working
with new parts installed in it, there will be more trips of
the P.A. on tour to T.C. Qatar, and other places. Consumption
of petrol, oil etc. will therefore increase. Provision for
this as well as for the repairs, cost of spare parts has been
made, and it is estimated that a further allotment of Rs. 4000/-
will be required as shown in statement (3). If P.A. has got
any other expd. in view, additional funds for that may also
also be asked for.

Re.C.C.G.

Pl. Refer to P.A.'s remarks in N/para 11 above.
In fact Agency repair grant should be based on
the basis of 2% of the Capital cost of the Agency buildings
(which is Rs. 1,59,145 at present) vide Residency memo.No.1801

Our repair grant will be Rs. 3182/- (i.e. Rs. 3200/- approximately).
But the present figure of Rs. 2600/- of the estimated expd. is
based on actual expd. during last four years. If P.A. has
got any repairs to be ordered against C.C.G. during the current
year, further allotment may be asked for. Otherwise a sum of
Rs. 1000/- more is estimated against C.C.G.

S. No 5 and S. No. 6.

We have to submit 36

our demand for excess and savings in the Budget grants for 1947-48 during this month.

The following figures will give an idea of the position of our contract grants:- 37

	Allocation for 1947-48	Expd. up to 31-10-47
O.A.	22000	15460-1.
L.G.	9000	5153-14
C.C.G.	6600	1069-7

In view of S. No. 5. we may 38

now ask for funds as under:-

O.A.	Rs 7000/-
L.G.	Rs 6000/-
C.C.G.	Rs 3400/-

The above demand will bring

(60)

cur for total grants as under -

O. A -	Rs. 29 000
L. G.	Rs. 15 000
C. C. G.	Rs. 5 000.

39 As regards the allotment for purchase and maintenance of cars for Sharjah the position is as under: -

<u>Allotment for 1947-48</u>	Expd. up to 31-10-47
Rs. 94 00	1483-5

40 Following expd. is anticipated during the remaining five months: -

(1) maintenance charges & pick-up at Sharjah (tax, petrol etc) from 15-8-47 to 31-3-48. Rs. 1509-11

(2) cost of new Ford for Sharjah Rs. 67 00 - 0 approx.
Rs. 82 09 - 11

41 Total expd. as anticipated will thus be Rs. 9693-0 against the grant of Rs. 9400/-.

42 It is therefore suggested that instead of asking for more funds from P.R. we may meet the excess expd. from the

Balance of the cost of pick
up which we have already

Express Letter No.509-61/2 dated 21-2-48 from Repgu, Bahrain.

A statement showing the anticipated excesses and savings in the budget for the year 1947-48 at the end of the financial year, as far as can be estimated now, is submitted below. 50

Under T.A. an excess of Rs.4930/- is shown. This is to cover air passage bills of Major Hudson and Major Rance for which we expect to receive book debits from A.G.C.R. 51

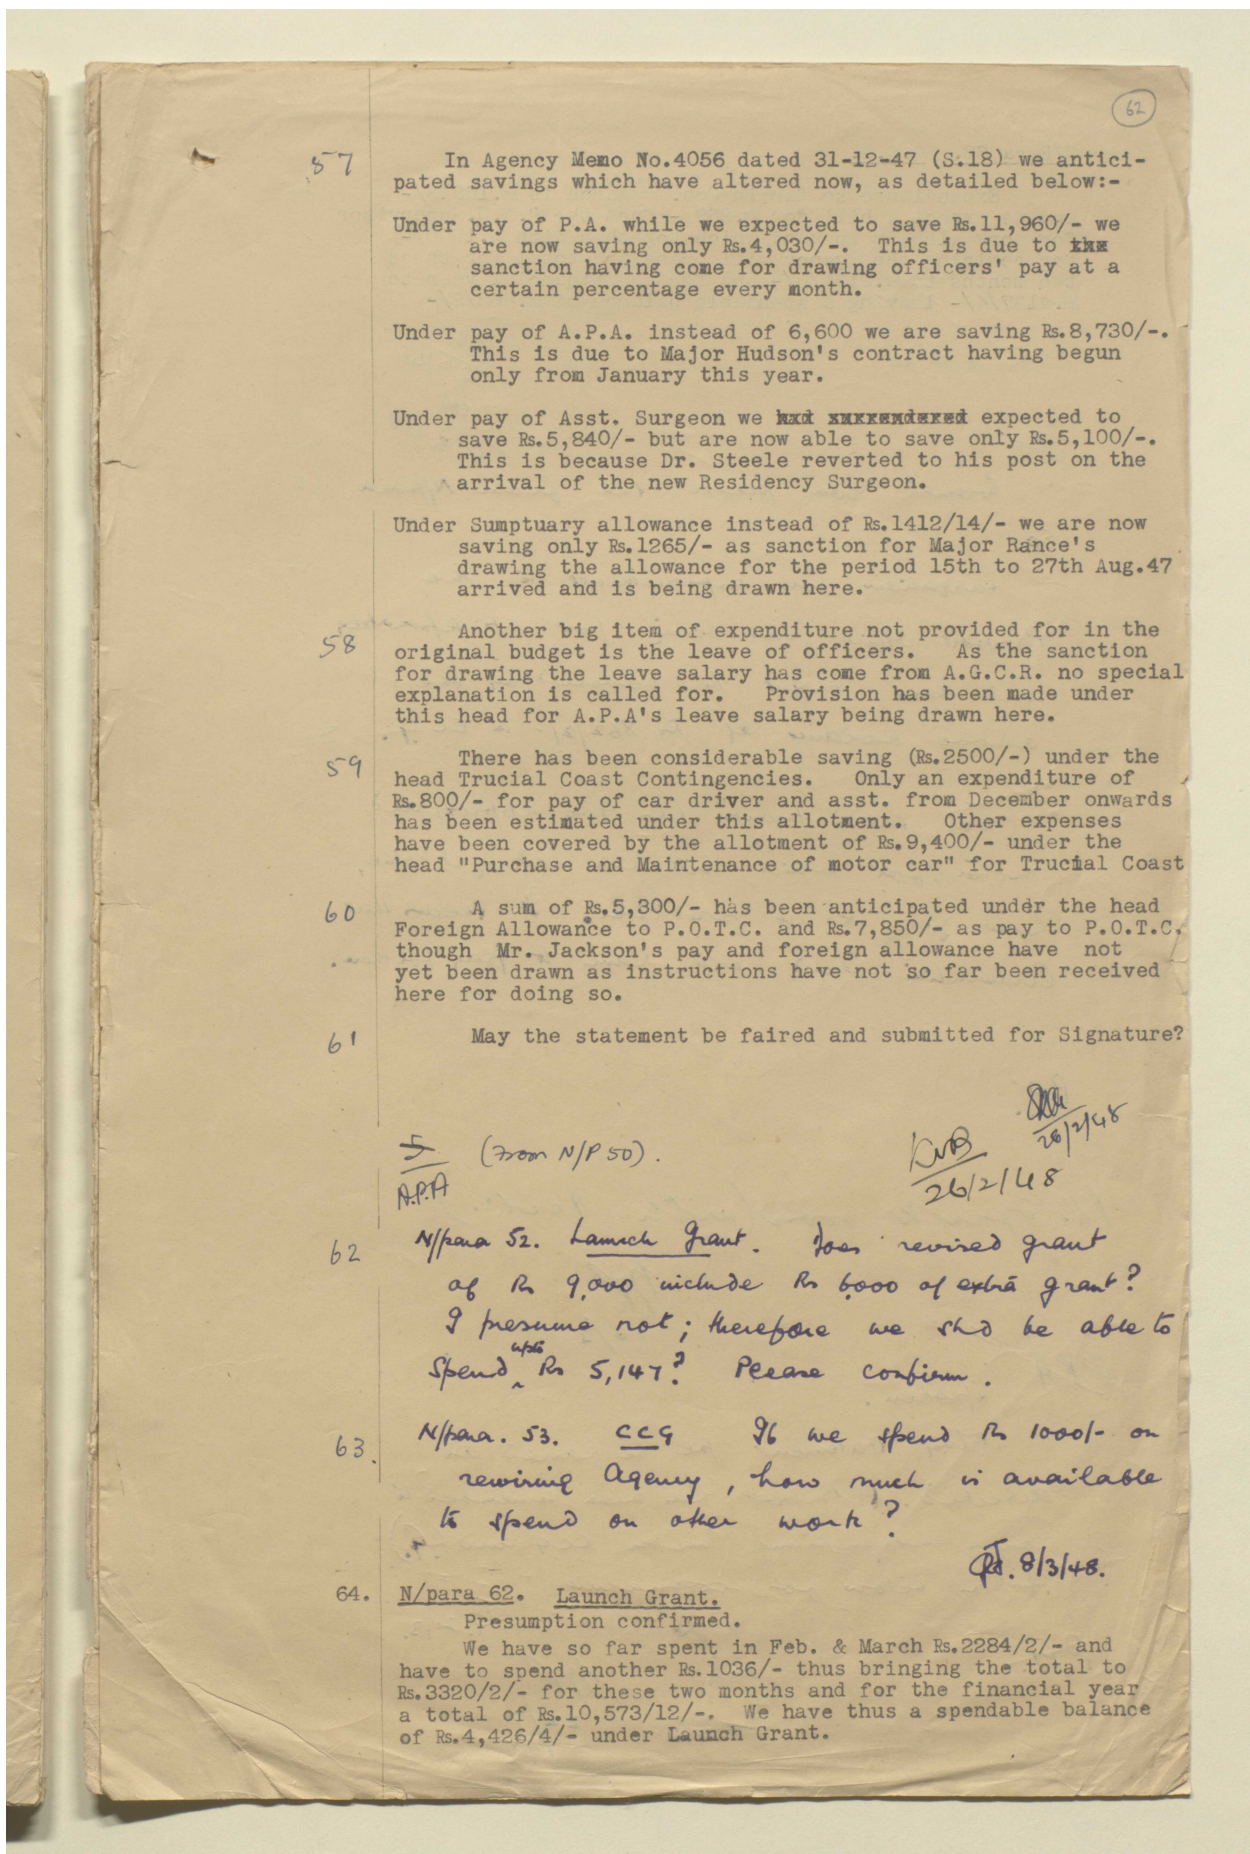

Under Launch Grant we had asked for an extra grant of Rs.6000/- but expect to use only Rs.750/- if no special expenditure is incurred. As we had already anticipated greater expenditure we can spend more money under this grant. May order launch equipment for Rs.2000/- and add that to our anticipated excesses? 52

Under C.C.G. also we had asked for Rs.3,400/- and we expect to spend only Rs.2,400/- in excess of the original allotment even if we spend Rs.1000/- on the re-wiring of the Agency. This work may be taken in hand as also any other as we are reporting that we ~~expect~~ will be spending Rs.2000/- under C.C.G. during February and March. 53

Under Maintenance and purchase of Agency cars we have already asked for an extra allotment of Rs.1,583/12/- and provision has been made for this amount in this review. 54

Under Office Allowance we expect to spend Rs.5800/- during February and March. This will cover the pay of menials for March which has been asked to be paid during the month of March itself. We ~~anticipate~~ anticipated this excess even in our first review. 55

Under P & T. Charges we anticipate a saving of Rs.14,480/- as the expenditure under telegrams have been very low. 56

N/Para 63. C.C.G.

Expenditure so far in Feb. & March is Rs.165/3/- and we expect a bill for Rs.969/- from the P.W.D. Supervisor for work already in hand which together with Rs.1000/- for rewiring the Agency will bring the total for these two months to Rs.2134/3/- and for the financial year to Rs.4137/4/- leaving a spendable balance of Rs.862/2/-
