About this record

The file contains correspondence relating to the import of livestock in Bahrain. The correspondence is mostly between the Political Agent, Bahrain (Hugh Weightman, later Captain John Baron Howes (acting)), Political Resident in the Persian Gulf (Lieutenant-Colonel Charles Geoffrey Prior), Adviser to the Government of Bahrain (Charles Dalrymple Belgrave), and various departments and offices of the Government of India.

The papers include:

- correspondence between Belgrave, Weightman, Prior, and the External Affairs Department of the Government of India regarding a proposal to establish a cattle breeding farm in Bahrain;
- correspondence between Belgrave, Weightman (later Howes), the Department of Education, Health and Lands of the Government of India, and various offices within the Sind Secretariat (including Director of Agriculture, Live-stock Officer, Revenue Department, and the Director of Veterinary Service) concerning the transportation of a Red Sind bull to Bahrain;
- a letter from the California Wool Growers Association requesting photographs of sheep breeds in Bahrain;
- correspondence between Belgrave, Howes, Prior, the Sind Secretariat, and the All India LiveStock Supply Agency in Karachi regarding Belgrave's proposal to import goat stock into Bahrain.

Folios 63-67 are internal office notes.

The 20th September 1939.

②

It may seem a somewhat inappropriate moment to write to you on the subject of cattle breeding in Bahrain, but I think it is wrong in principle to defer till the end of the war agricultural and allied projects for the improvement of Bahrain.

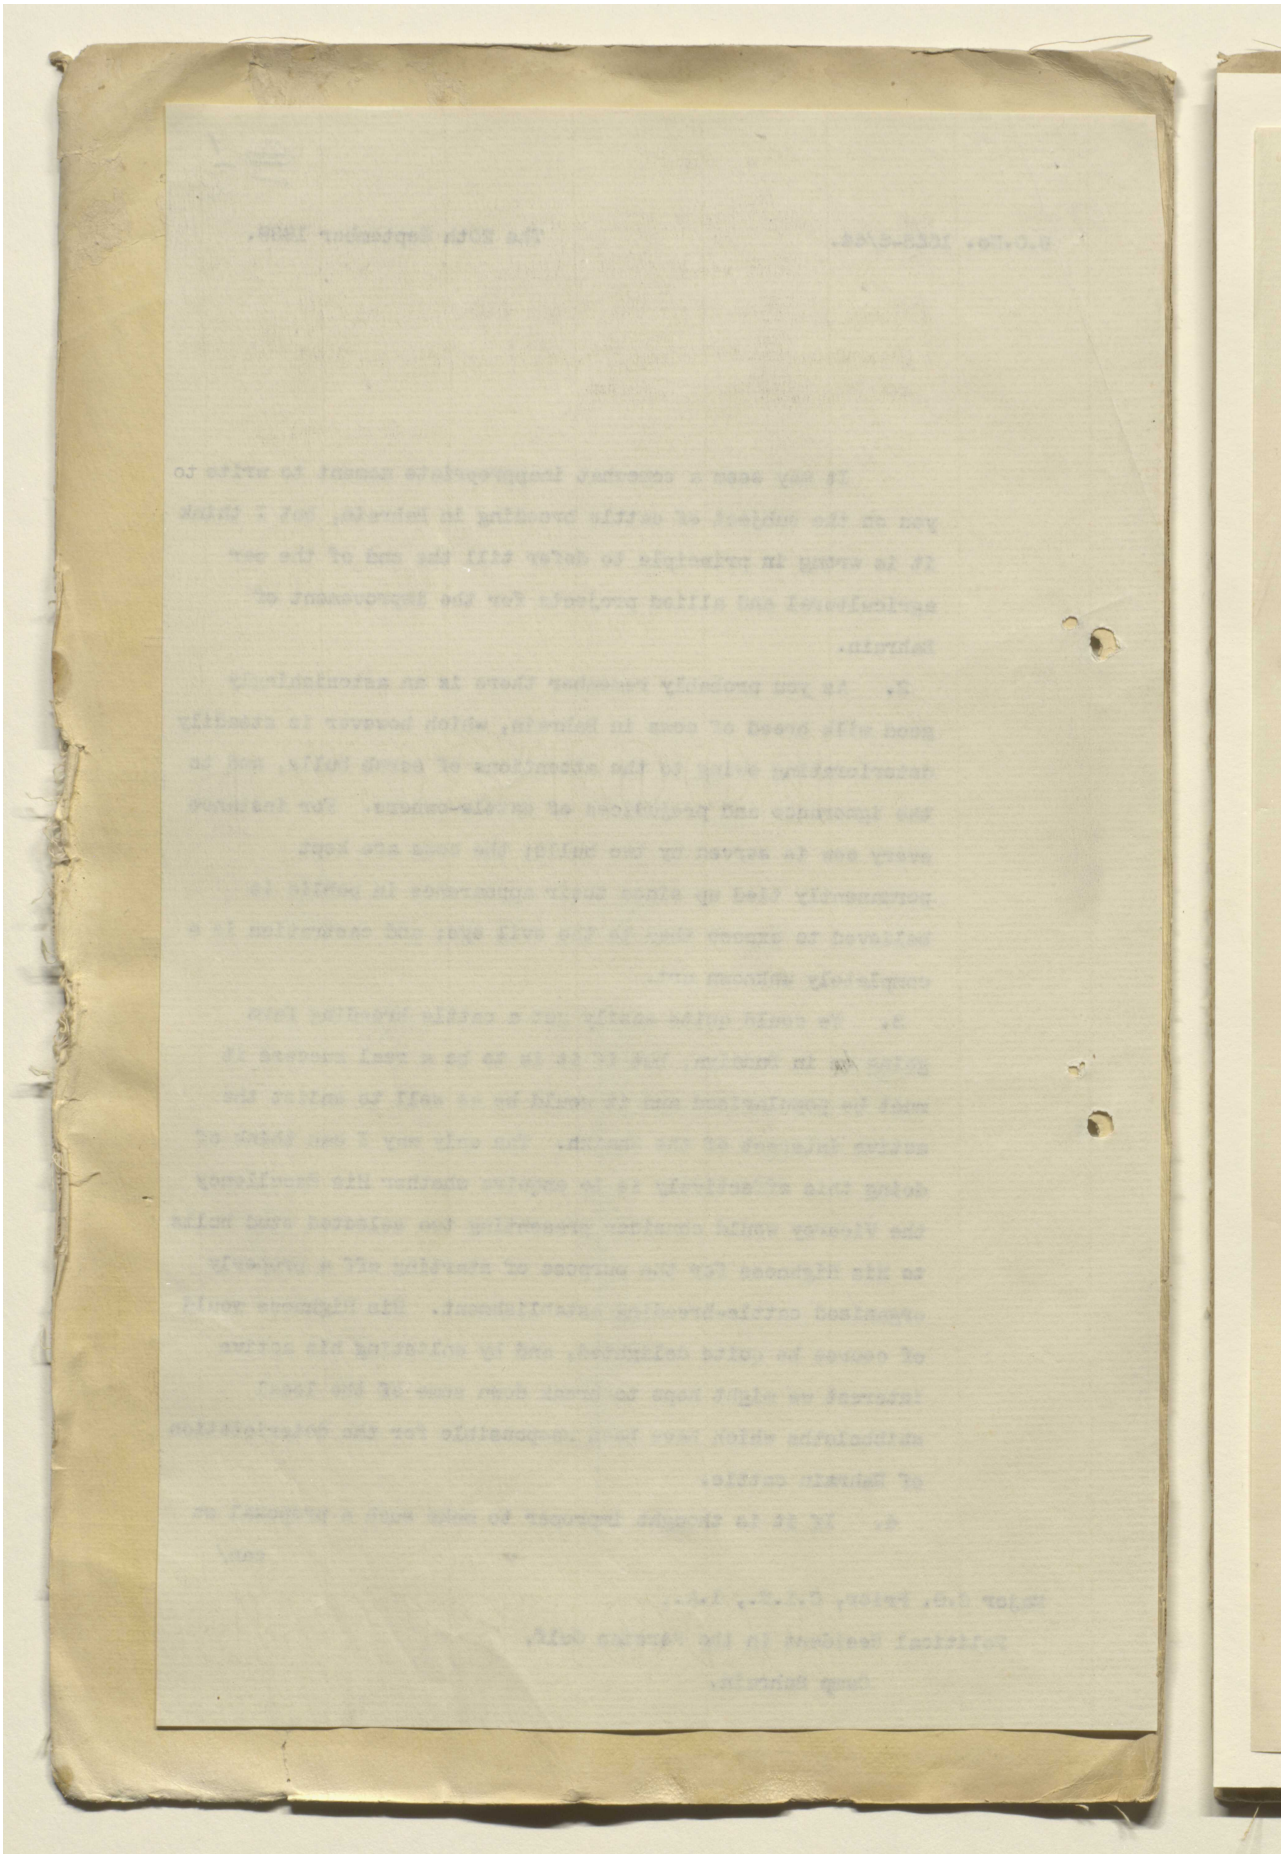

2. As you probably remember there is an astonishingly good milk breed of cows in Bahrain, which however is steadily deteriorating owing to the attentions of scrub bulls, and to the ignorance and prejudices of cattle-owners. For instance every cow is served by two bulls; the cows are kept permanently tied up since their appearance in public is believed to expose them to the evil eye; and castration is a completely unknown art.

3. We could quite easily get a cattle breeding farm going ~~in~~ in Budaiya, but if it is to be a real success it must be popularised and it would be as well to enlist the active interest of the Shaikh. The only way I can think of doing this effectively is to enquire whether His Excellency the Viceroy would consider presenting two selected stud bulls to His Highness for the purpose of starting off a properly organised cattle-breeding establishment. His Highness would of course be quite delighted, and by enlisting his active interest we might hope to break down some of the local shibboleths which have been responsible for the deterioration of Bahrain cattle.

4. If it is thought improper to make such a proposal we

can of course arrange for the purchase of good stud bulls;
and the present seems to be the most appropriate moment for
getting going since we have serving with the Bahrain
Government Captain Byard who is not only interested but has
some experience of breeding.

Yours sincerely,

Dear Weightman,

I am sorry to have been so very long sending the particulars of bulls and cows referred to in your D.O. 1951 of 11th November 1939.

I enclose a number of photographs.

Bahrain cows vary much in colour, they are black, black and white, brown and white and the colour of the Jersey cows, the last being the most common.

The colour of the skin is whitish pink.

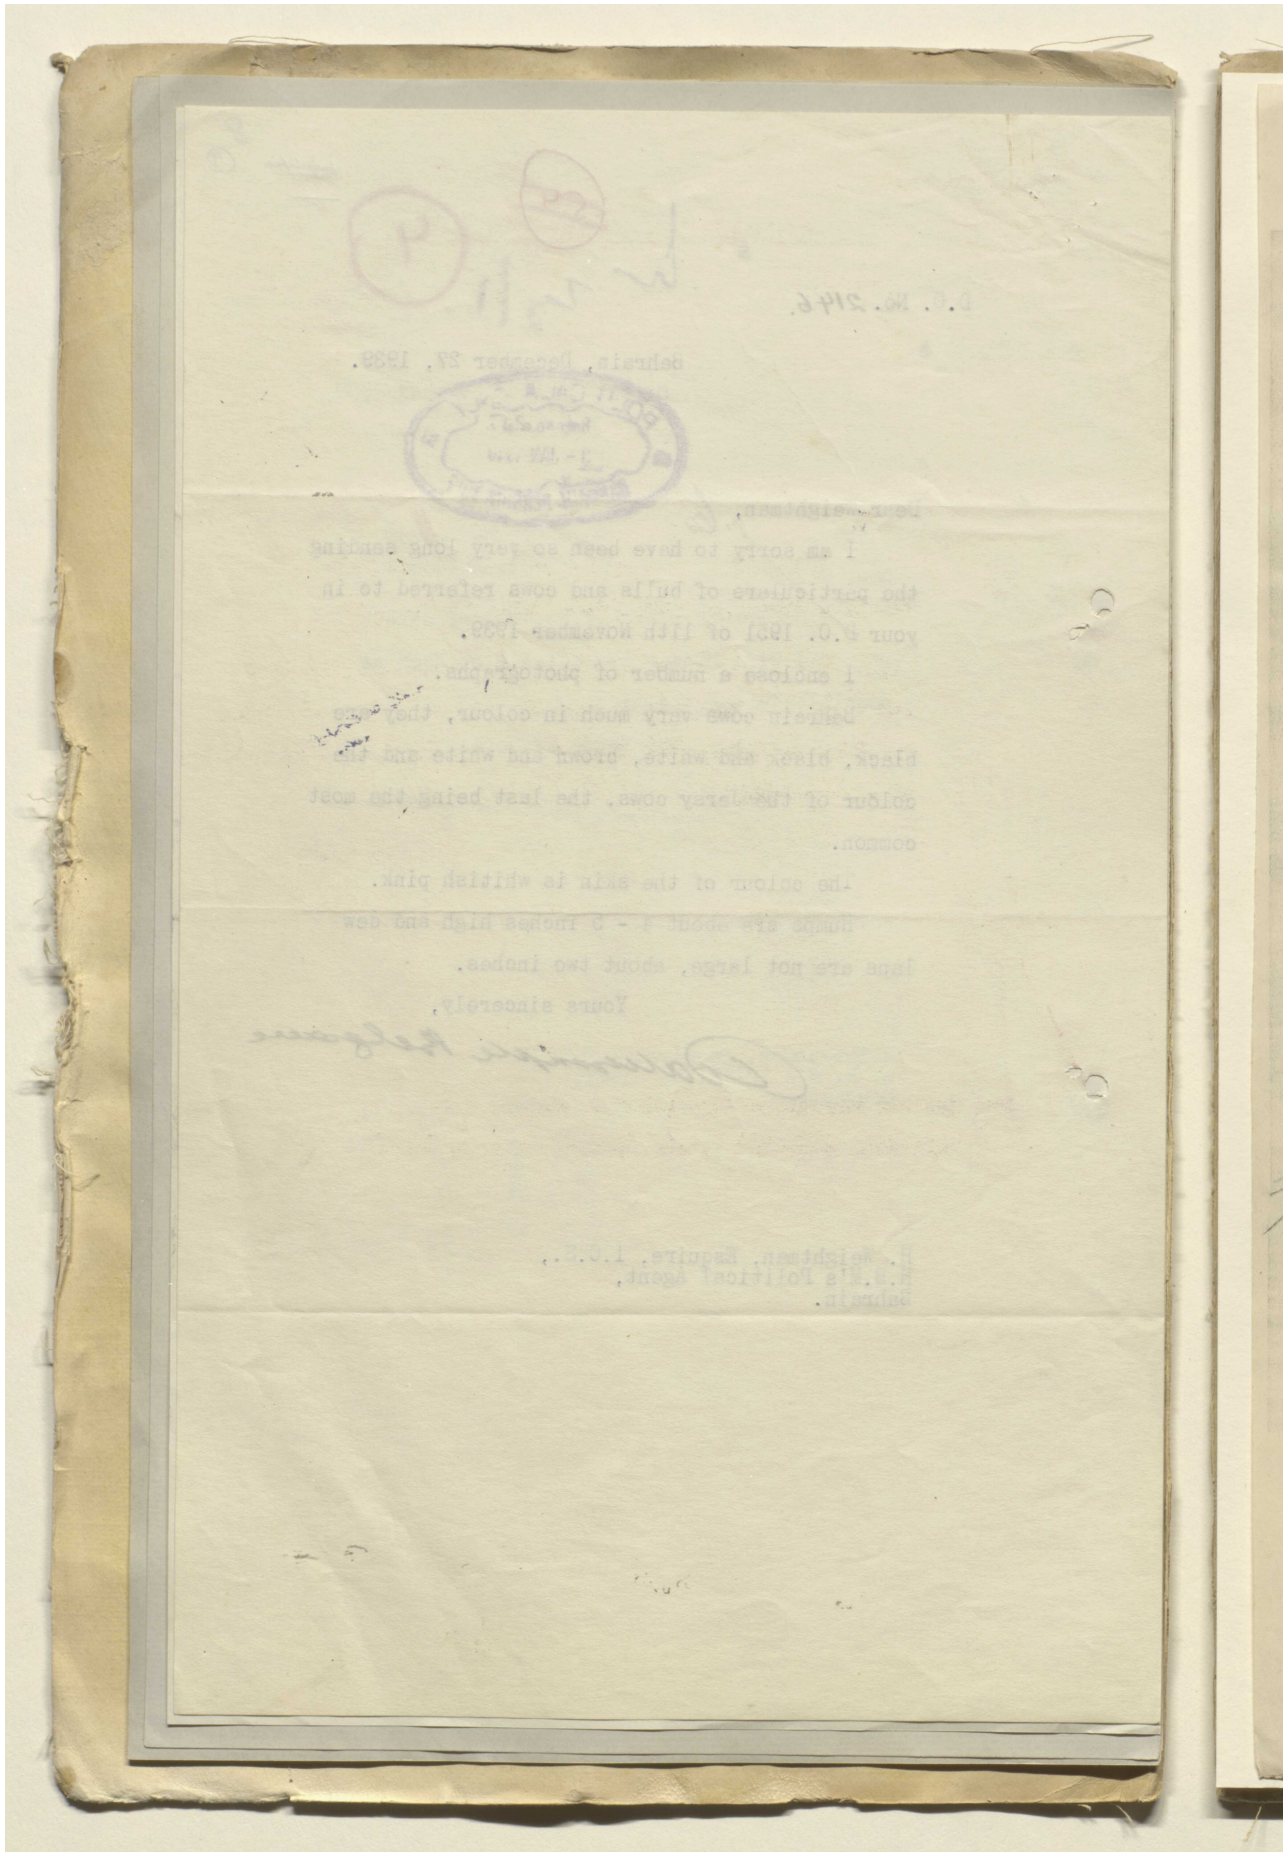

Humps are about 4 - 5 inches high and dew-laps are not large, about two inches.

D.O.No.C/123.

Dated the 18th February, 1940.

My dear Caroe,

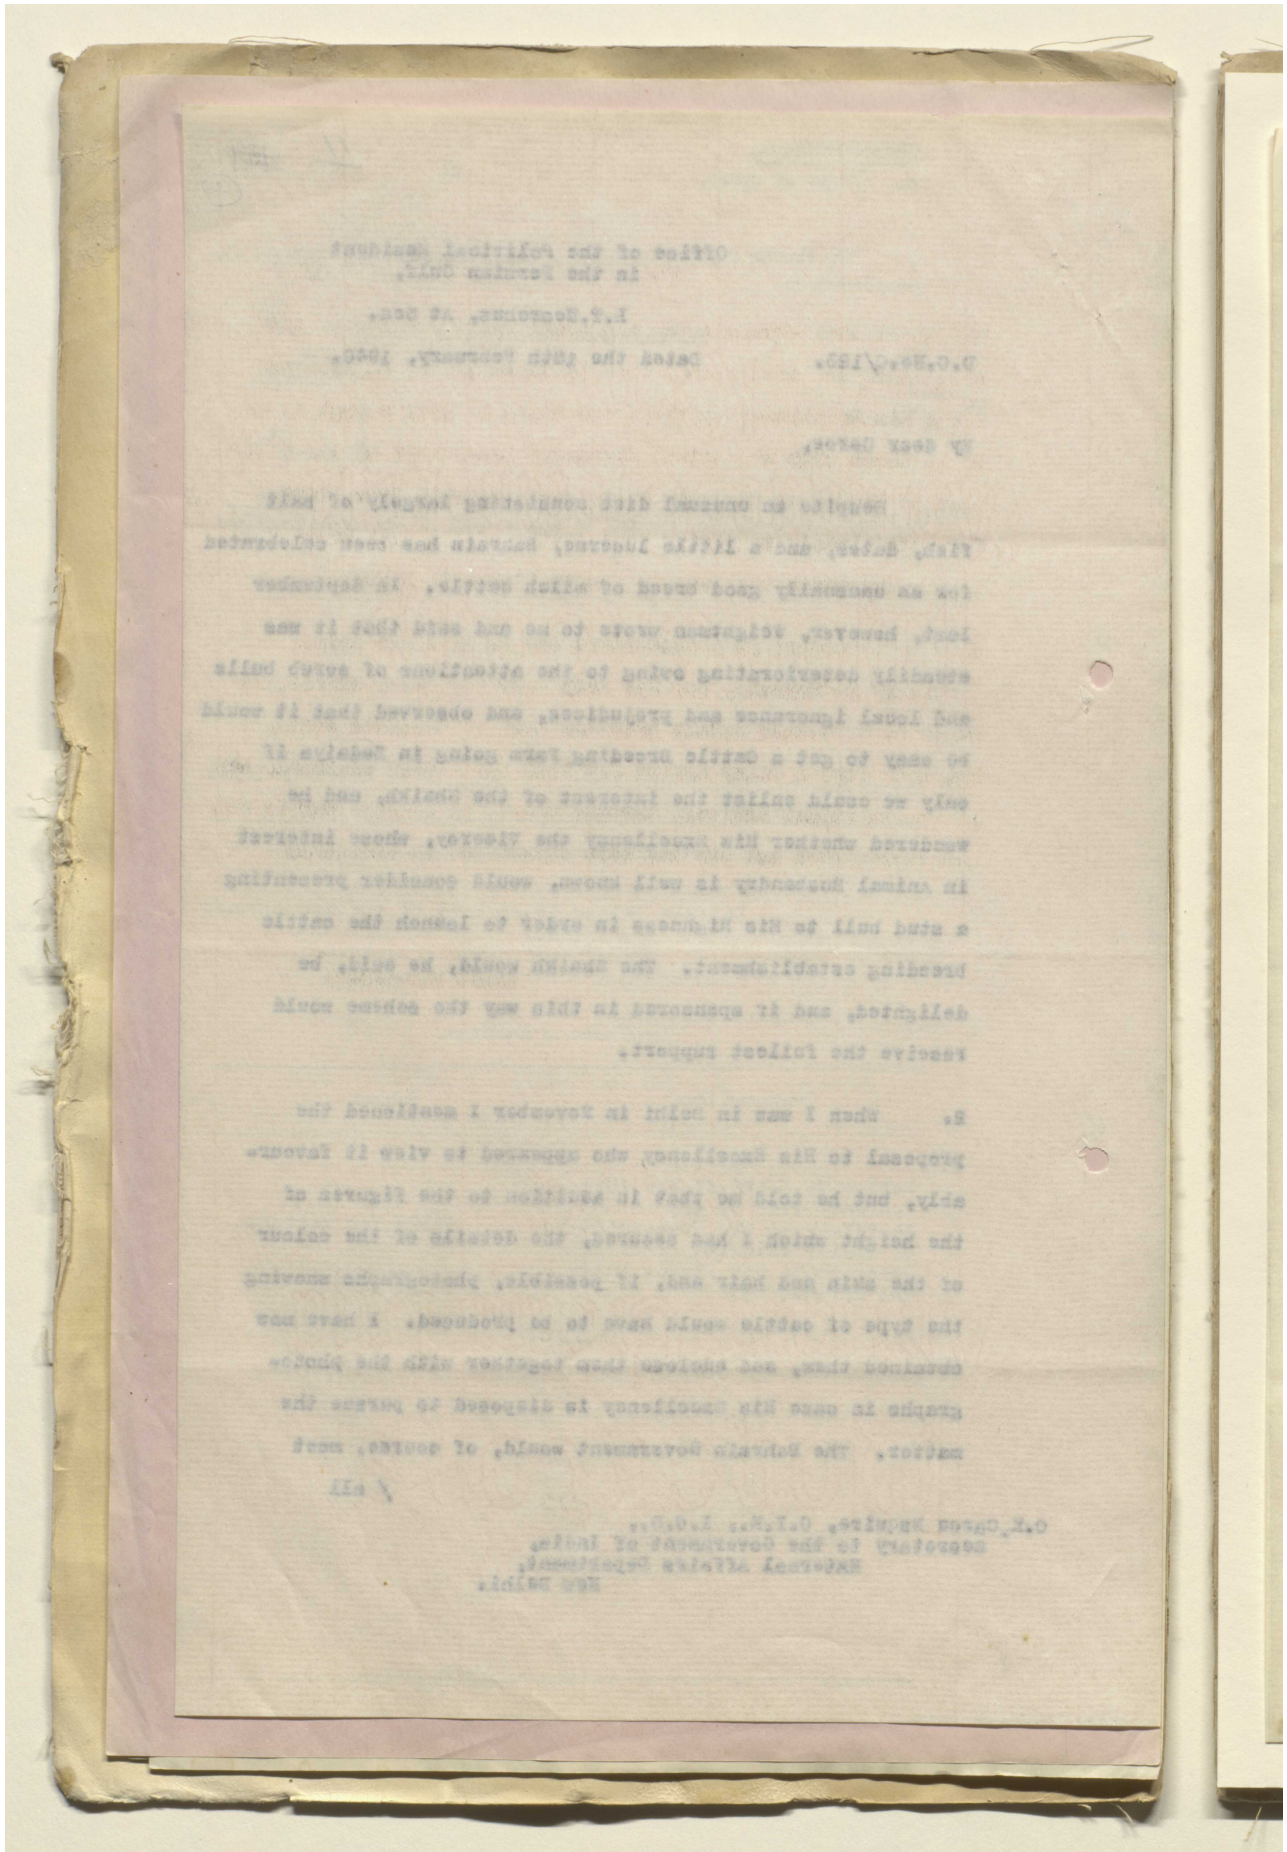

Despite an unusual diet consisting largely of salt fish, dates, and a little lucerne, Bahrain has been celebrated for an unusually good breed of milch cattle. In September last, however, Weightman wrote to me and said that it was steadily deteriorating owing to the attentions of scrub bulls and local ignorance and prejudices, and observed that it would be easy to get a Cattle Breeding Farm going in Budaiya if only we could enlist the interest of the Shaikh, and he wondered whether His Excellency the Viceroy, whose interest in Animal Husbandry is well known, would consider presenting a stud bull to His Highness in order to launch the cattle breeding establishment. The Shaikh would, he said, be delighted, and if sponsored in this way the scheme would receive the fullest support.

2. When I was in Delhi in November I mentioned the proposal to His Excellency, who appeared to view it favourably, but he told me that in addition to the figures of the height which I had secured, the details of the colour of the skin and hair and, if possible, photographs showing the type of cattle would have to be produced. I have now obtained them, and enclose them together with the photographs in case His Excellency is disposed to pursue the matter. The Bahrain Government would, of course, meet

all incidental expenditure, and would pay the wages of any attendants who accompanied them to Bahrain. If I misunderstood His Excellency, perhaps you would be good enough to put us in touch with the Animal Husbandry Department of the Government of India, so that the State could consult them direct. They are already acquiring some cattle of the Rath breed from Alwar, for which they are in negotiation with Harvey.

3. The moment is a convenient one to initiate Animal Husbandry in Bahrain, for not only have the State sufficient funds to undertake cattle breeding upon an adequate scale, but they have a ready market for high grade dairy products, and in the Assistant Adviser, Captain Byard, an officer who is not only interested but who has some experience of breeding.

Yours sincerely,

2. Now that Ware, the Animal Husbandry Expert, has expressed his view that the Sindh cattle are the most suitable for Bahrain, the Bahrain Government will no doubt concentrate their efforts upon them, and abandon their proposal to import animals of the Rath breed, if it is not too late. So far as I know, there will be no difficulty in obtaining extra cattle of the Sindh breed.

D.O. No.D.1029-N/40.

The 19th March 1940.

Animal Husbandry in Bahrain. Presentation of
a bull by His Excellency the Viceroy to the
Shaikh.

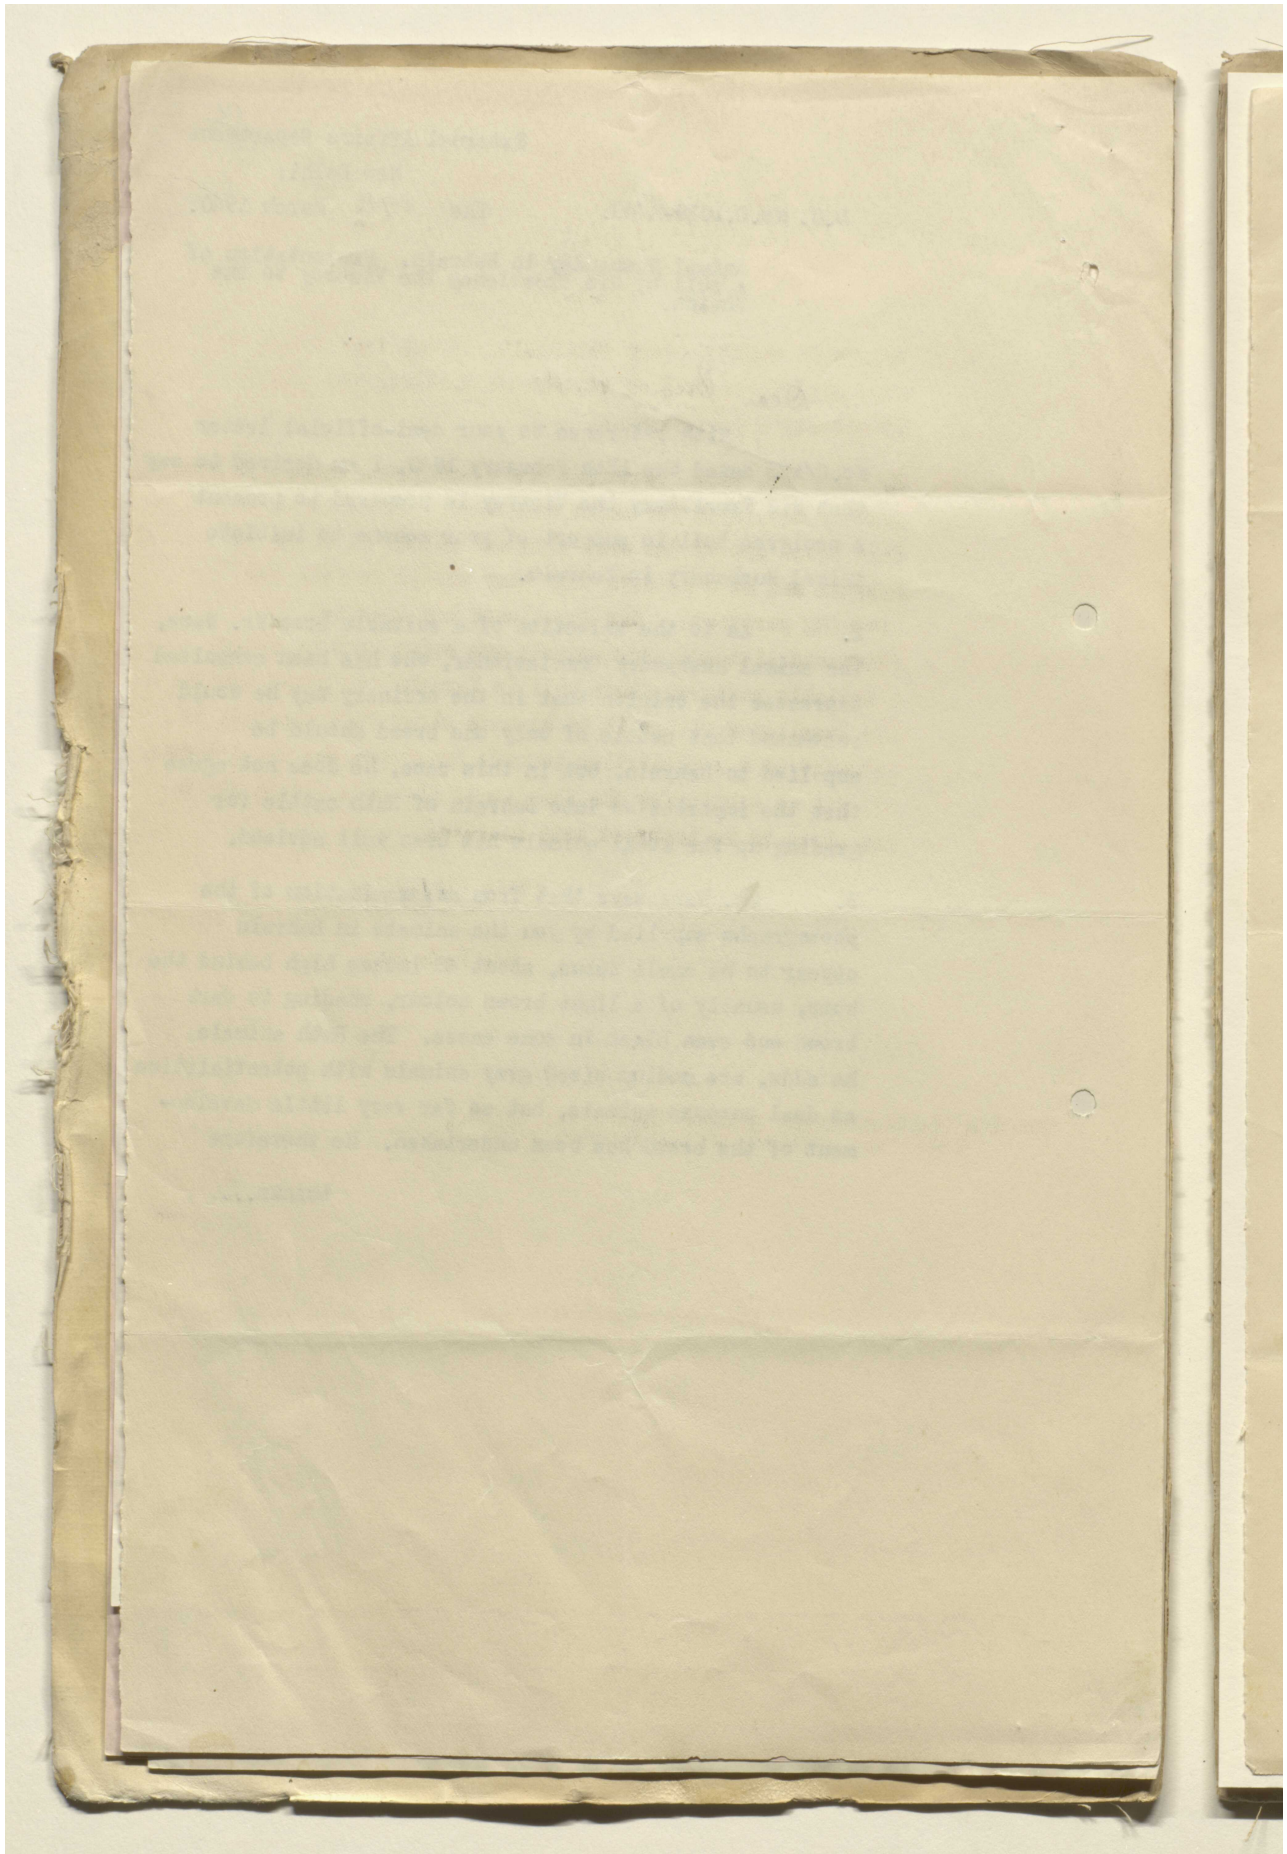

Dear Prior P. 11.

With reference to your demi-official letter No.C/123 dated the 18th February 1940, I am desired to say that His Excellency the Viceroy is prepared to present a pedigree bull in support of your scheme to initiate Animal Husbandry in Bahrain.

2. As to the selection of a suitable breed Mr. Ware, the Animal Husbandry Commissioner, who has been consulted expresses the opinion that in the ordinary way he would recommend that cattle of only one breed should be supplied to Bahrain, but in this case, he does not agree that the importation into Bahrain of Rath cattle for grading up the local animals has been well advised.

3. Mr. Ware says that from an examination of the photographs supplied by you the animals in Bahrain appear to be small Zebus, about 48 inches high behind the hump, usually of a light brown colour, shading to dark brown and even black in some cases. The Rath animals, he adds, are medium sized grey animals with potentialities as dual purpose animals, but so far very little development of the breed has been undertaken. He therefore

thinks....

15 (17)

-2-

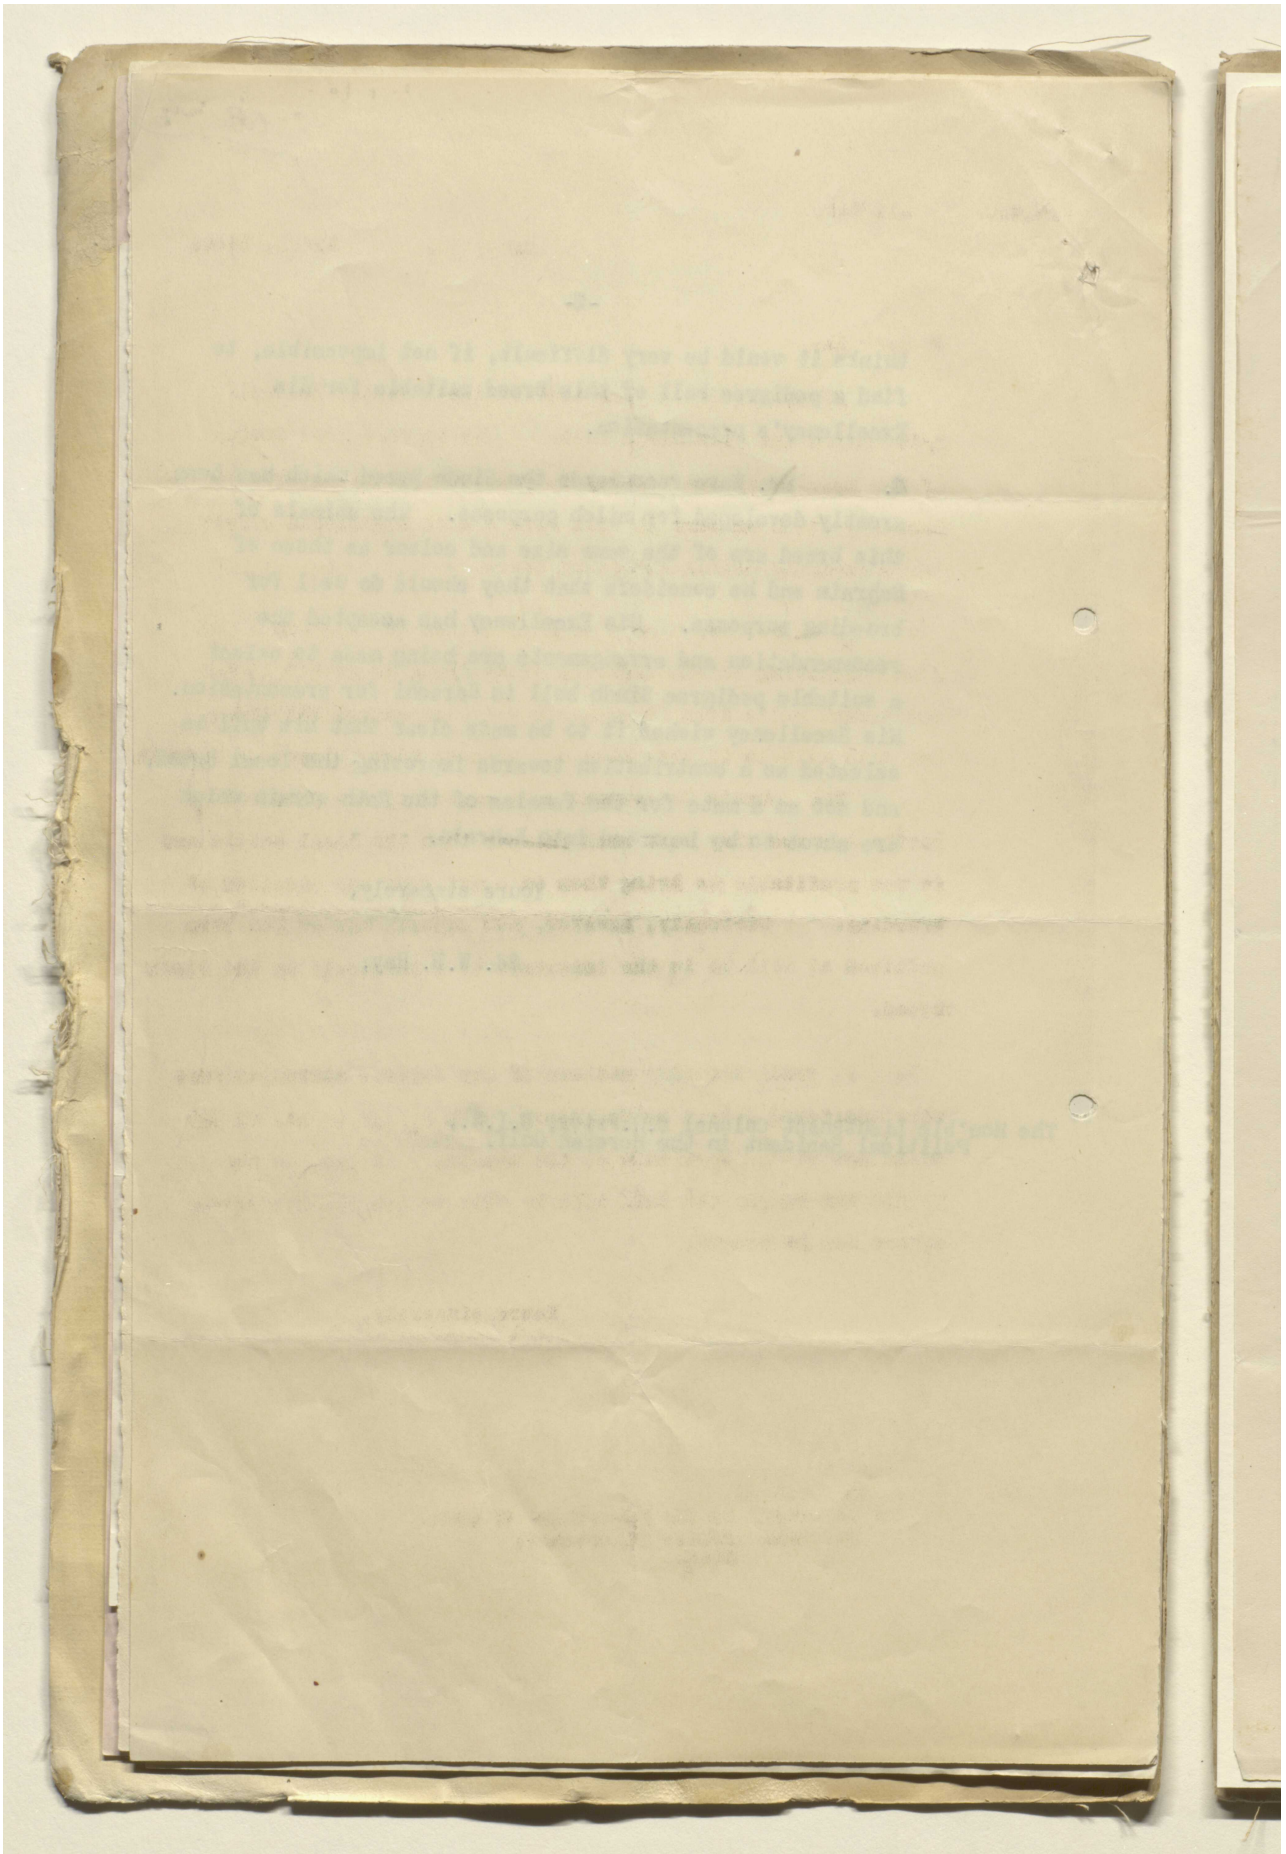

thinks it would be very difficult, if not impossible, to find a pedigree bull of this breed suitable for His Excellency's presentation.

4. ~~Mr.~~ Ware recommends the Sindh breed which has been greatly developed for milch purposes. The animals of this breed are of the same size and colour as those of Bahrain and he considers that they should do well for breeding purposes. His Excellency has accepted the recommendation and arrangements are being made to select a suitable pedigree Sindh bull in Karachi for presentation. His Excellency wishes it to be made clear that his bull is selected as a contribution towards improving the local breed, and not as a mate for the females of the Rath strain which are about to be imported into Bahrain.

Yours sincerely,

Sd. W.R. Hay,

The Hon'ble Lieutenant Colonel C.G. Prior, C.I.E.,
Political Resident in the Persian Gulf.

D.O.No. 506 -19/249.

Dated the 19th April, 1940.

My dear Hay,

Please refer to your demi-official letter No.D.1029-N/40, dated the 19th March 1940. It is very good indeed of His Excellency the Viceroy to present a pedigree bull to Bahrain, and I am sure it will have a most beneficial effect in encouraging animal husbandry there.

2. I am sending a copy of your letter to Weightman, and I am suggesting to him that the State would do better to buy additional bulls from the Sindh breed, and cancel the order for Rath animals if they have not already been shipped to Bahrain.

The Bahrain Government were importing the Rath cattle partly because they were much cheaper than the local cattle and it was profitable to bring them in apart from any question of breeding. Obviously, however, now expert advice has been obtained, it will be in the interests to concentrate on the Sindh breed.

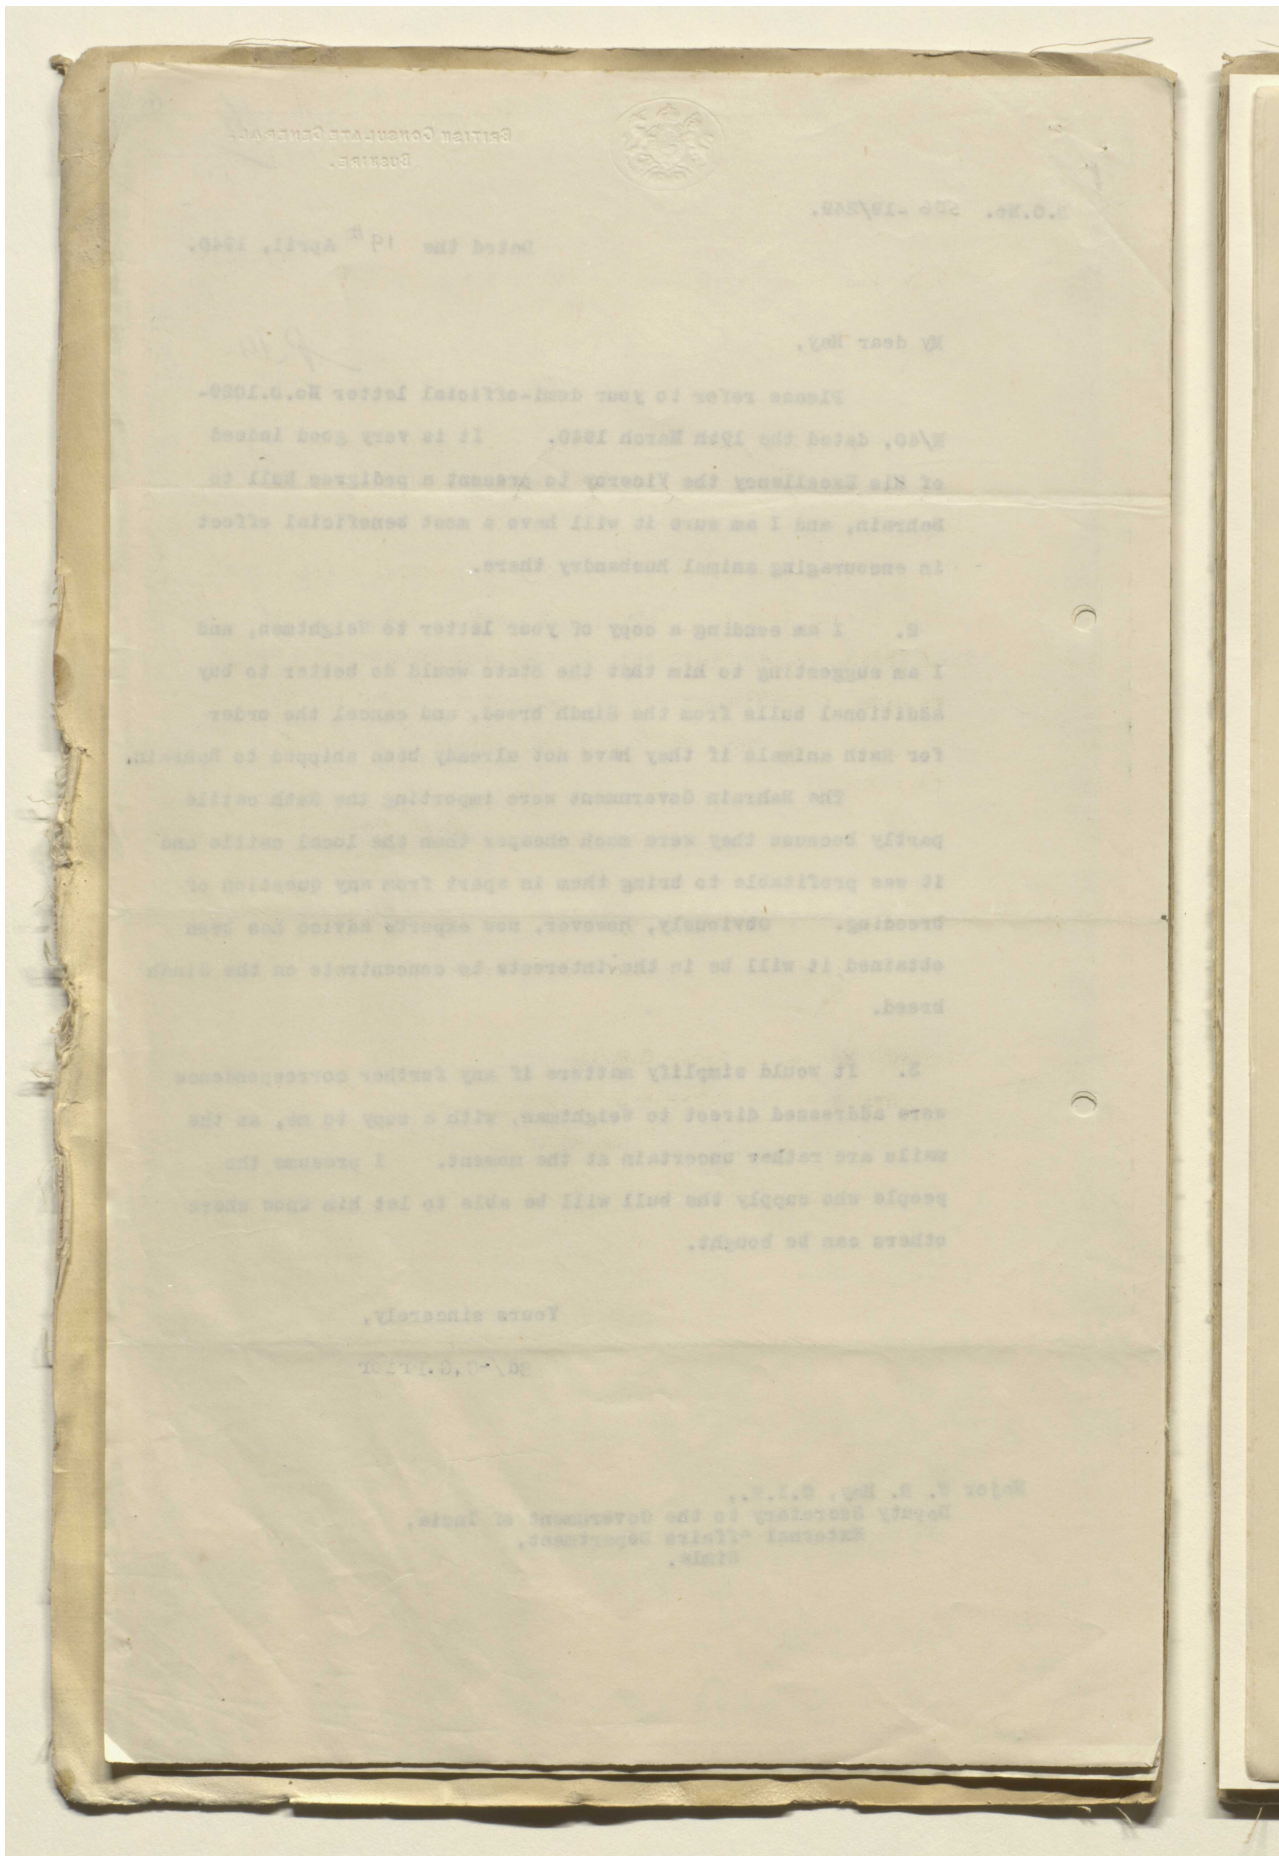

3. It would simplify matters if any further correspondence were addressed direct to Weightman, with a copy to me, as the mails are rather uncertain at the moment. I presume the people who supply the bull will be able to let him know where others can be bought.

Yours sincerely,

I have received instructions from my Government to send the selected stud bull of the Red Sindhi breed from the pedigree herd of Wellington Cattle Farm, Malir to the Shaikh of Bahrein as a presentation from His Excellency the Viceroy. I am given to understand that the price of the bull will be paid by His Excellency whereas the incidental expenditure including the wages of attendants who accompany the bull will be paid by the Bahrein Government. I am making necessary arrangements for transport of the bull to Bahrein. Two attendants would be required. It would be a good plan if one man is sent from Bahrein to take charge of the bull and I shall provide one or two attendants from here as required. An early reply is requested to enable me to book a passage for the bull with attendants.

2/- I have been further informed that the Bahrein Government intend to purchase some bulls of the Sindhi breed and I should send details of some animals likely to be offered. In this connection I may state that Red Sindhi Bulls without pedigree but from known dams giving 24 lbs. milk, 4 - 5 years old can be purchased at Rs. 150 - 200 per animal Karachi delivery. I can arrange for supply of such bulls

Dear Sir,

I acknowledge the receipt of your letter No.363 dated the 27th May, 1940, with many thanks and would request you to send the bull to Bahrain as soon as transport arrangements have been completed. It would be difficult and would involve delay in present circumstances to send a man from Bahrain to take charge of the bull in view of the dislocation of the British India Steam Navigation Company's Gulf Service, and I would therefore ask you to be good enough to send up two attendants from Karachi. Incidental expenditure and the wages of the attendants will of course be paid by the Bahrain Government.

My dear Clee,

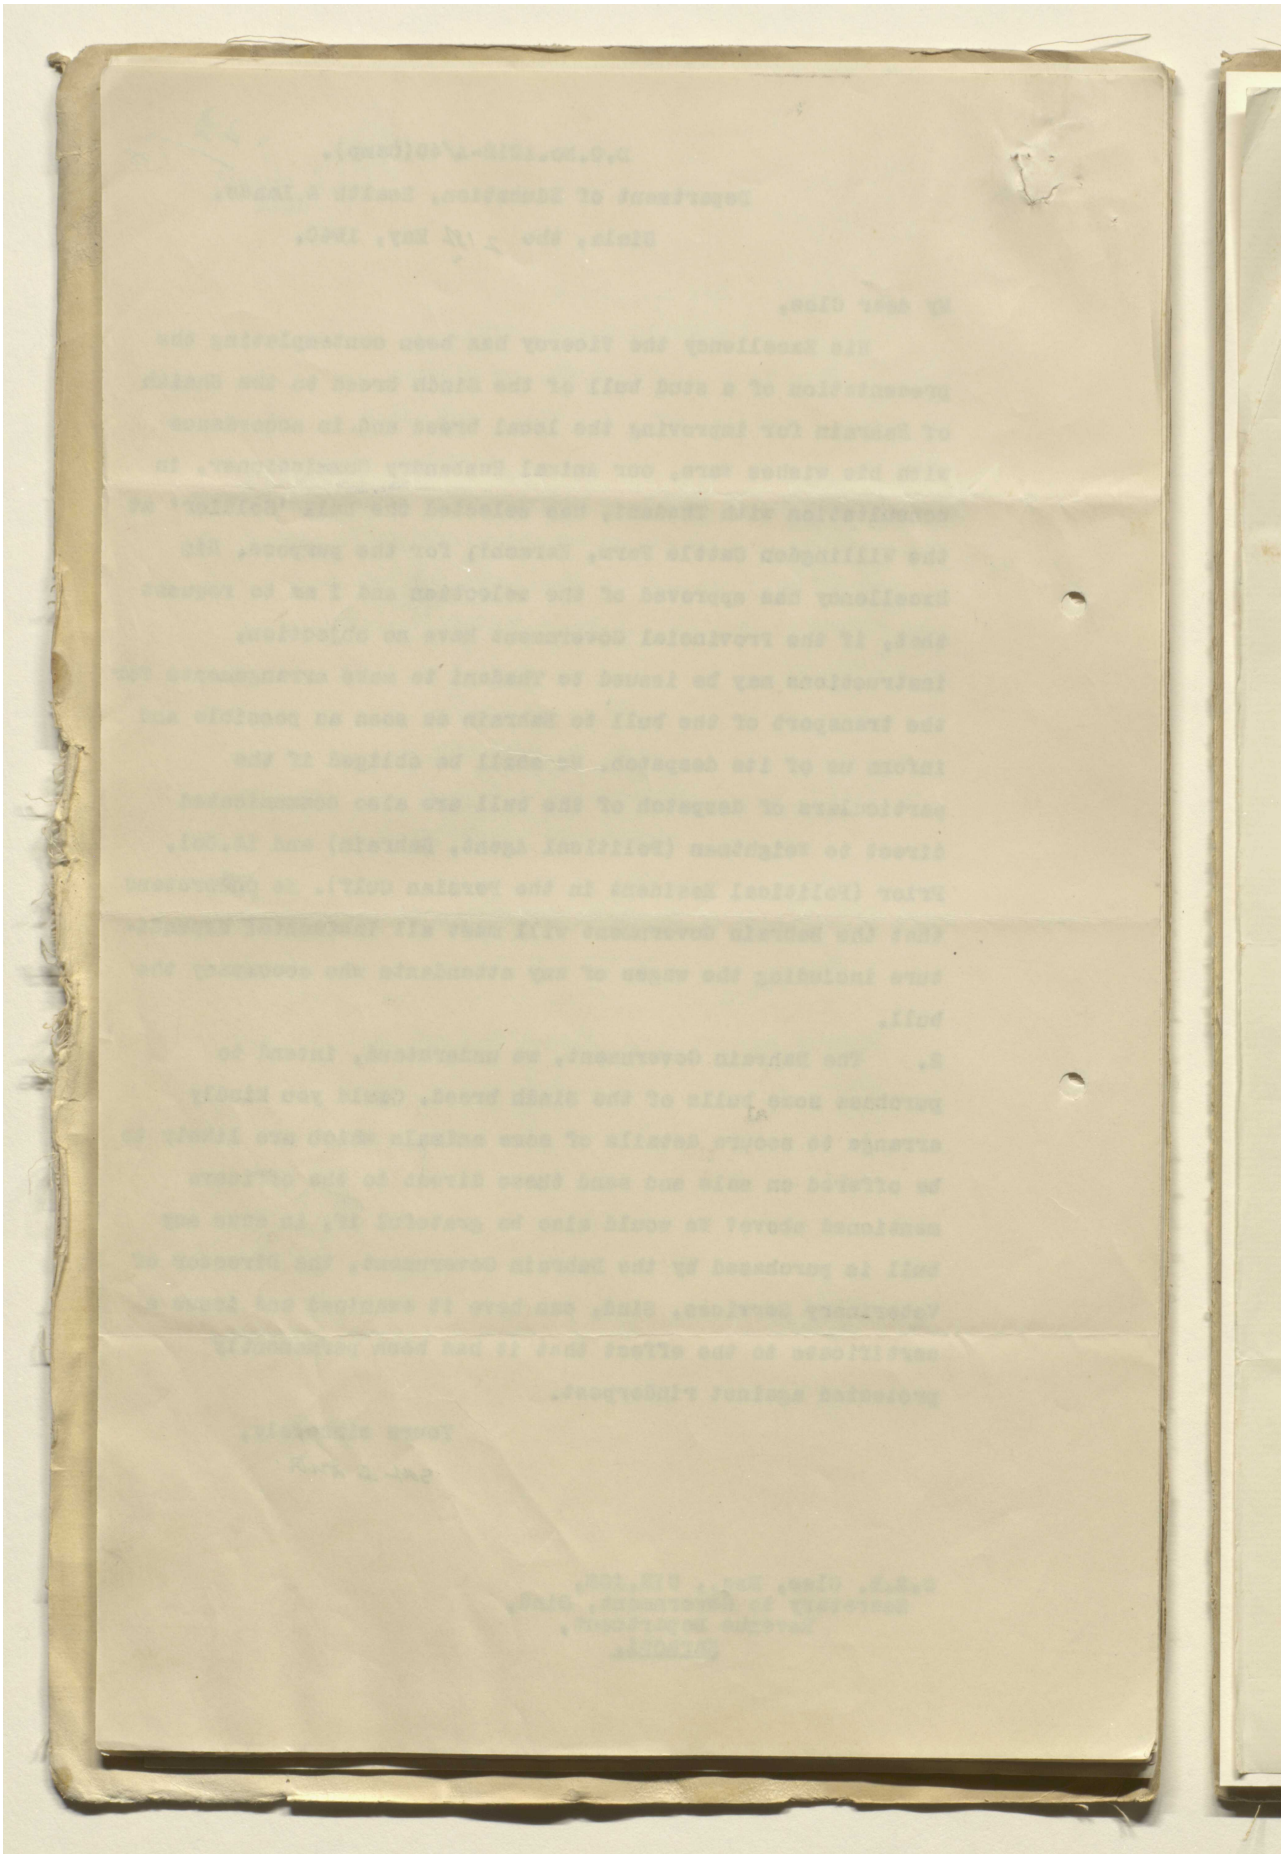

His Excellency the Viceroy has been contemplating the presentation of a stud bull of the Sindh breed to the Shaikh of Bahrain for improving the local breed and in accordance with his wishes Ware, our Animal Husbandry Commissioner, in consultation with Thadani, has selected the bull 'Soldier' at the Willingdon Cattle Farm, Karachi, for the purpose. His Excellency has approved of the selection and I am to request that, if the Provincial Government have no objection, instructions may be issued to Thadani to make arrangements for the transport of the bull to Bahrain as soon as possible and inform us of its despatch. We shall be obliged if the particulars of despatch of the bull are also communicated direct to Weightman (Political Agent, Bahrain) and Lt.Col. Prior (Political Resident in the Persian Gulf). We understand that the Bahrain Government will meet all incidental expenditure including the wages of any attendants who accompany the bull.

2. The Bahrain Government, we understand, intend to purchase some bulls of the Sindh breed. Could you kindly arrange to secure details of some animals which are likely to be offered on sale and send these direct to the officers mentioned above? We would also be grateful if, in case any bull is purchased by the Bahrain Government, the Director of Veterinary Services, Sind, can have it examined and issue a certificate to the effect that it has been permanently protected against rinderpest.

(Copy of letter No.363 of 1940, dated the 27th May 1940,
from the Director of Agriculture, Sind, to Lieut.Colonel
C.G. Prior, Political Resident in the Persian Gulf.)

I have received instructions from my Government to send the selected stud bull of the Red Sindhi breed from the pedigree herd of Wellington Cattle Farm, Malir to the Shaikh of Bahrain as a presentation from His Excellency the Viceroy. I am given to understand that the price of the bull will be paid by His Excellency whereas the incidental expenditure including the wages of attendants who accompany the bull will be paid by the Bahrain Government. I am making necessary arrangements for transport of the bull to Bahrain. Two attendants would be required. It would be a good plan if one man is sent from Bahrain to take charge of the bull and I shall provide one or two attendants from here as required. An early reply is requested to enable me to book a passage for the bull with attendants.

2. I have been further informed that the Bahrain Government intend to purchase some bulls of the Sindhi breed and I should send details of some animals likely to be offered. In this connection I may state that Red Sindhi Bulls without pedigree but from known dams giving 24 lbs. milk, 4 - 5 years old can be purchased at Rs. 150 - 200 per animal Karachi delivery. I can arrange for supply of such bulls from reliable Live-stock Agencies at Karachi and shall be glad to render all kind of assistance.

Government -

SIR,

with reference to Mr. Clee's D.O. No. R.O. 2485-E dated 1/6/1940, I have the honour to state that on hearing from the Political Agent, Bahrein that the stud bull should be sent with two attendants from Karachi vide his letter No. 1151-6173, dated 15/6/1940, copy attached, the Live-stock officer in Sind immediately got in touch with the steam ship Co., who now inform him that there are no fast Gulf steamers plying between Karachi and Persian Gulf and the bull cannot be accepted for shipment to Bahrein for the present. The bull will be sent by the first fast steamer when available. The Political Agent, Bahrein is being informed accordingly.

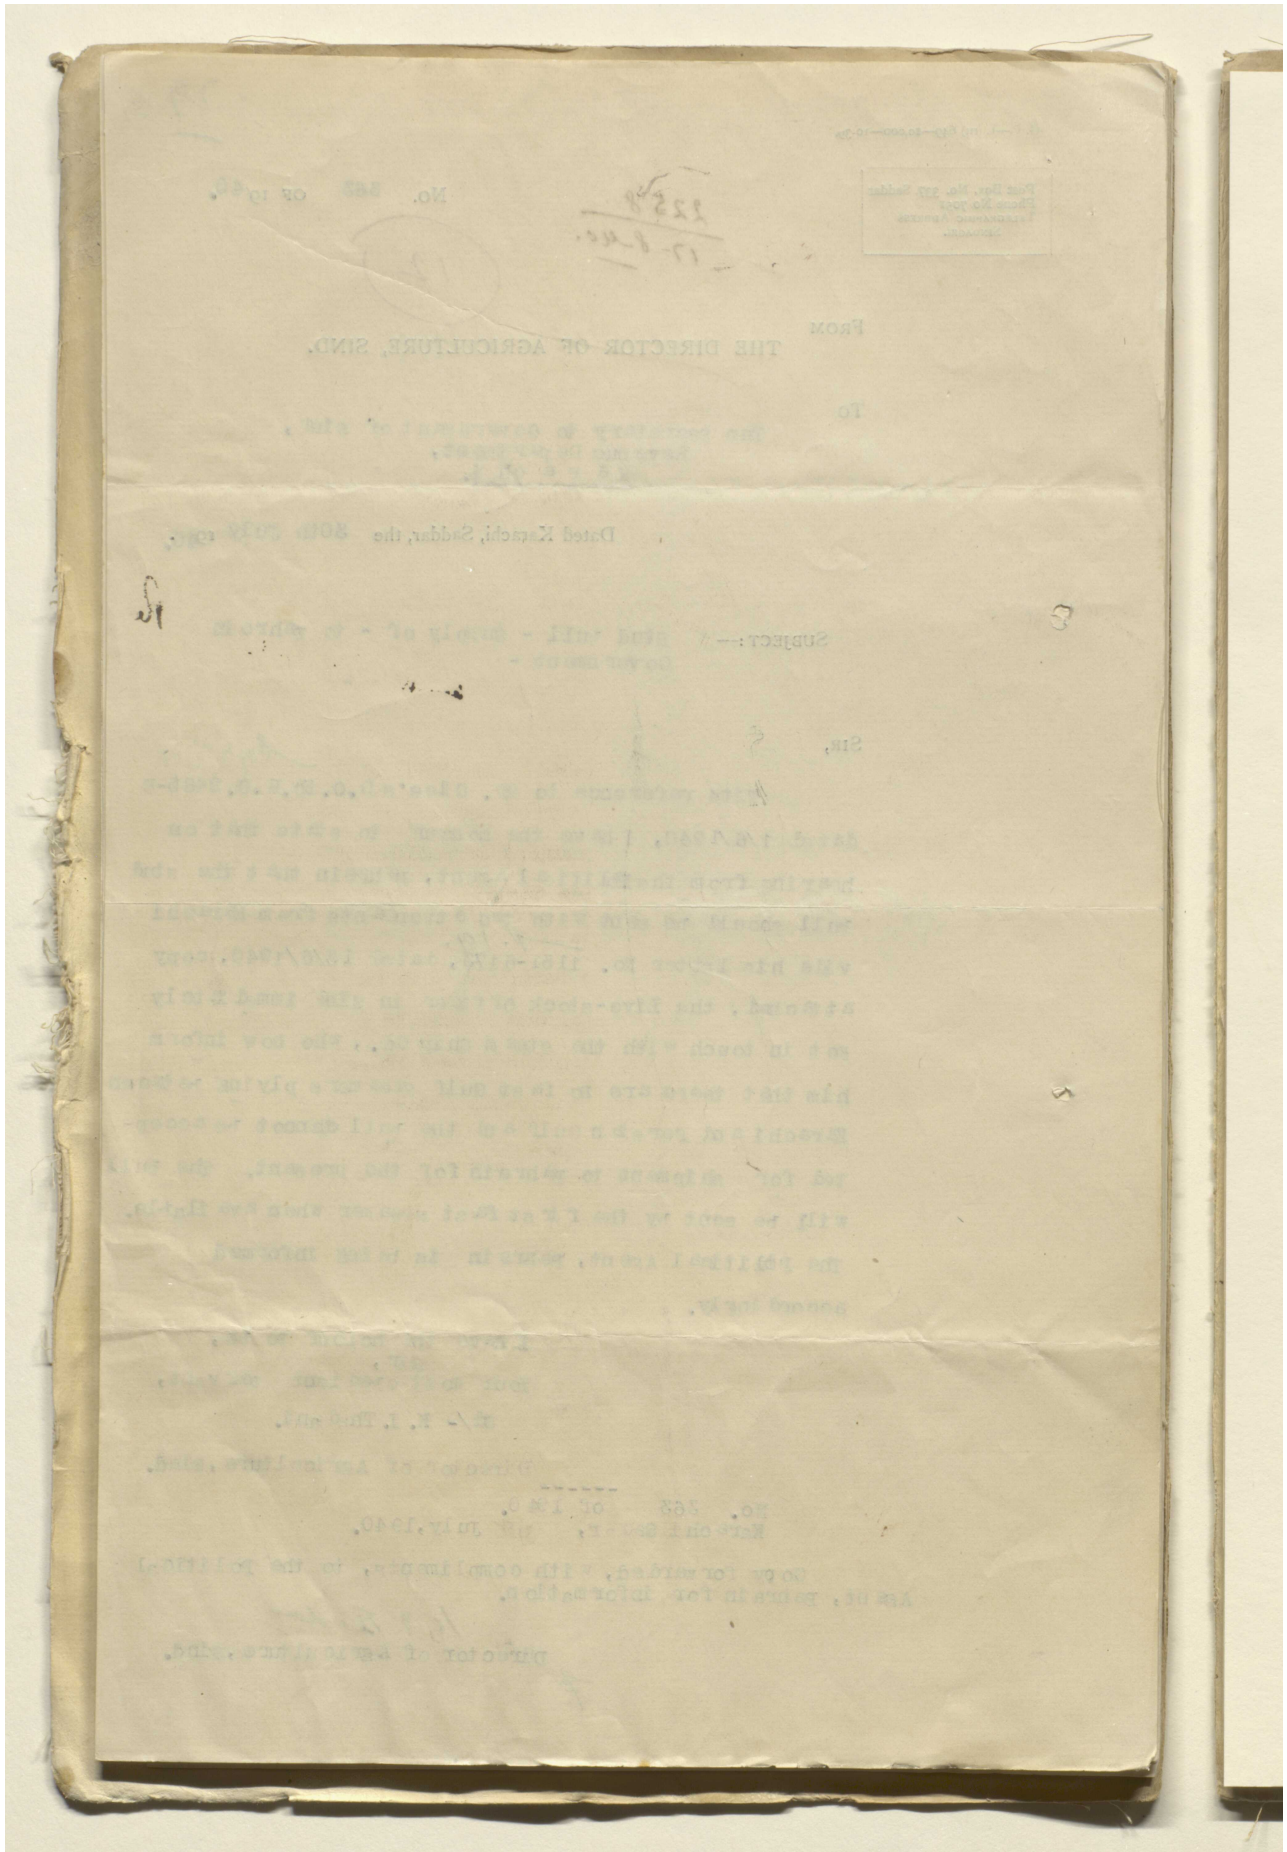

I have the honour to be,
sir,
Your most obedient servant,
Sd/- K. I. Thadani.

I have the honour to state that under instructions from the Director of Agriculture, Karachi a Red Sindhi Bull 'Soldier' is being sent to you in S.S. Bamora leaving Karachi on 21/9/1940.

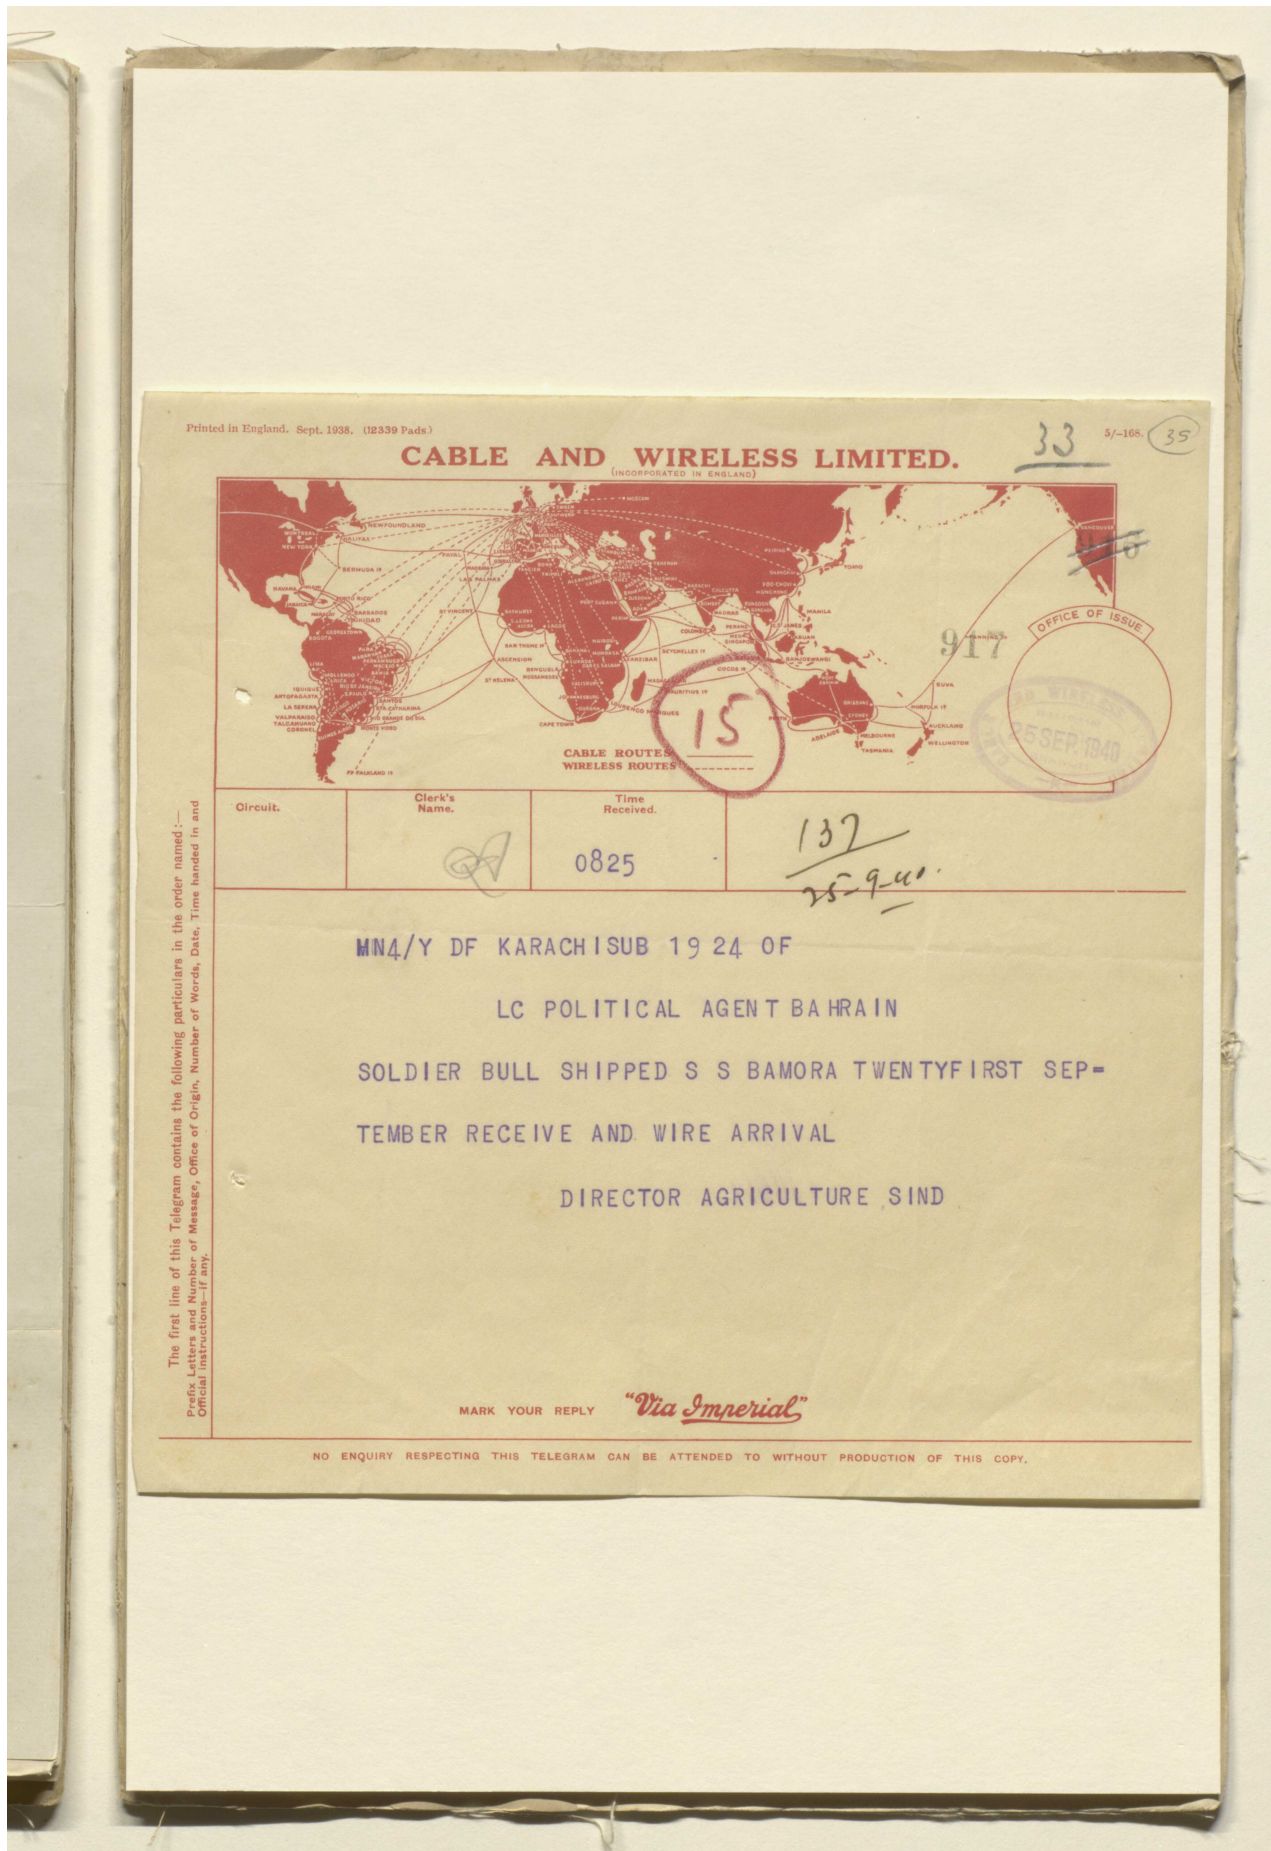

Two attendants, Dost Mahomed and Mahomed Yaqub are accompanying the bull. Kindly arrange to receive the bull along with its attendants. The arrangements for the return of the attendants may kindly be made at once, but if they are required to stay there, their wages at the rate of Rs. 2/8/- (rupees two -/8/-) per day may kindly be paid to them. The attendants are in possession of return tickets and the wages for the period of voyage have also been paid to them. The details of expenses incurred here would be sent to you by the Director of Agriculture, Sind.

Memorandum:-

p. 34.

In reference to your Printed Letter No. 1816-6/73 of the 25th September 1940, I have to inform you that the Bull "Soldier" has been stabled in the agricultural land attached to the State Jail, and is in good health.

The two attendants, Dost Muhammad and Muhammad Yaqub embarked upon s.s. 'Bamora' today to return to Karachi, and gratuities of twenty rupees to Dost Muhammad and fifteen rupees to Muhammad Yaqub were given. This steamer was the earliest possible return mail to India; and consequently these two men have stayed in Bahrain from 27th September to 7th October.

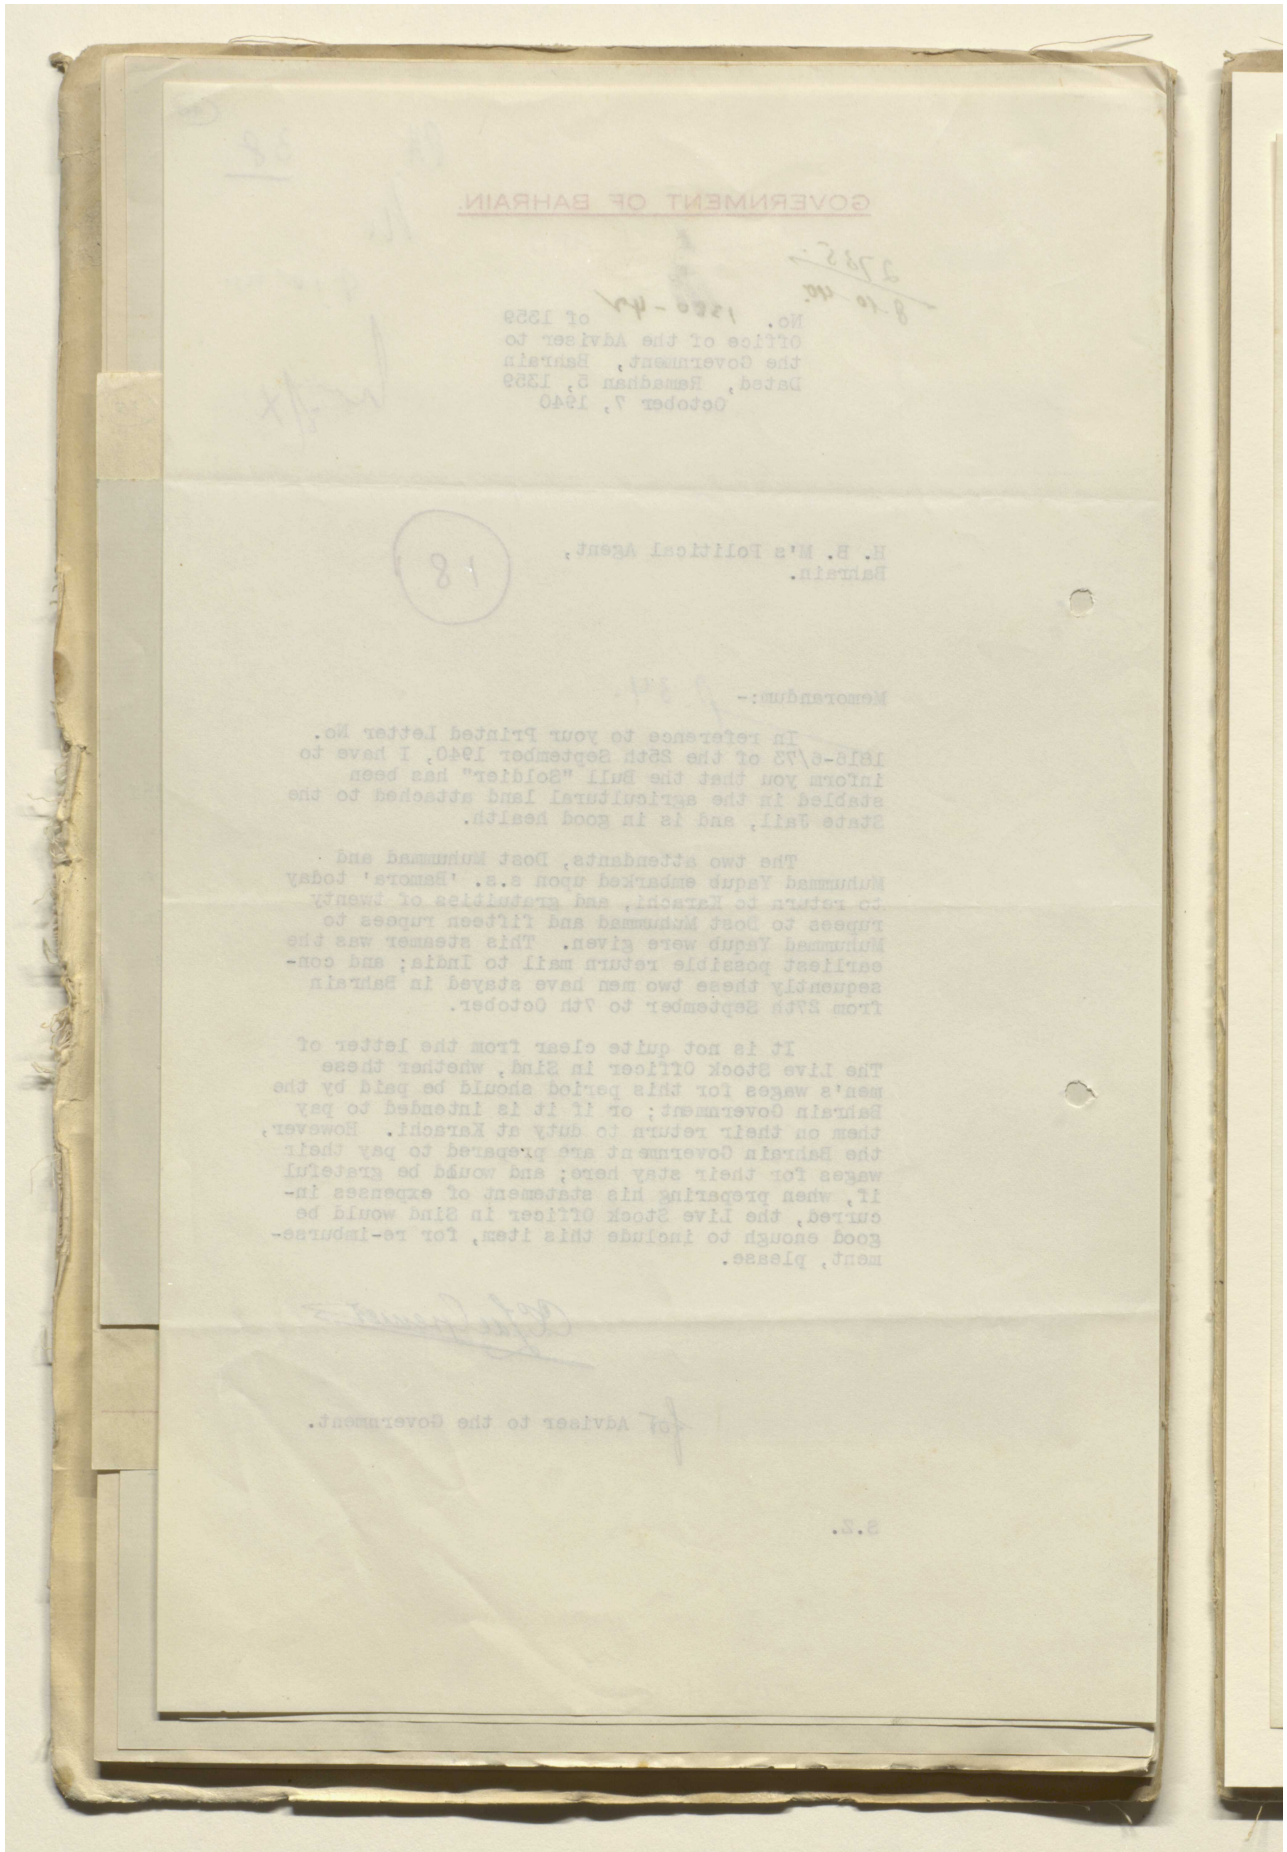

It is not quite clear from the letter of The Live Stock Officer in Sind, whether these men's wages for this period should be paid by the Bahrain Government; or if it is intended to pay them on their return to duty at Karachi. However, the Bahrain Government are prepared to pay their wages for their stay here; and would be grateful if, when preparing his statement of expenses incurred, the Live Stock Officer in Sind would be good enough to include this item, for re-imbursment, please.

Bahrain, May 12, 1941.

Dear Alban,

We spoke of goats the other day, I think it might be a useful and interesting experiment to introduce into Bahrain some of the really good stock from India.

Could you kindly write to the Department concerned and obtain their advice as to how many goats one should start with as an experiment?

The local goats are kept for milking, those used for meat are imported and killed after they have been here a few weeks. What is mainly needed here is good milkers.

Yours sincerely,

Wassim Beyrati

You will probably wish to notify him yourself.

As you know I saw Deas the Head of M. Mackenzie's truck who advised me that the only reason for not sending the bull was lack of deck space at the aft portion of which in slow mails is now crammed with deck passengers. Recently also slow mails have been taking with armoured vehicles being shipped to Iraq. He thought however that he would be able to find room on his next up slow due in on Tuesday. So far we have had no advance information.
