No. C/54.

Political Agency,
Kuwait,
17th January, 1945.

Please refer to my Express Letter No.53 dated the 17th January, 1945.

2. This case is an interesting example of His Highness' name being used by Abdullah Mulla Saleh in an attempt to pull wool over the Political Agent's eyes.

3. When I received the first evasive reply to my request for an investigation I returned to the charge and said that I thought the Government of India would consider such a reply unsatisfactory and that it was not conducive to retaining the Government of India's confidence. As I was unable to make any progress, however, I passed on the 'Kuwait Government's' (sic) reply in my Express Letter No.841 of the 20th November.

4. On the 7th December, however, Akbar Lari's clerk came here and, on his application, the Director of Customs innocently gave him the usual landing certificate to the effect that the tea had been landed here. The clerk brought the certificate to me for countersignature, and I took a copy of it.

5. The tea had actually been taken over by His Highness' Secretary himself. I have again spoken and written to the Kuwait Government on the subject and received only evasive replies. As far as I can see the tea has been smuggled into Iraq, probably to Yousuf Ezra's agent in Basrah.

6. The Kuwait Government's official explanation is given in paragraph 3 of my letter under reference. I doubt if it is wholly true, however, because — unlike the Export Trade Controller, Bombay, in respect of piece-goods — the Tea Controller for India really does try to control tea exports; and insists on the production by every shipper of customs landing certificates from manifested destinations. Diverted consignments are deducted from the quota of the territory receiving them. The Tea Controller has already made claims against Kuwait's quota on these grounds, and, had Kuwait's quota really been diverted, he would probably have informed me of credits as well as deductions.

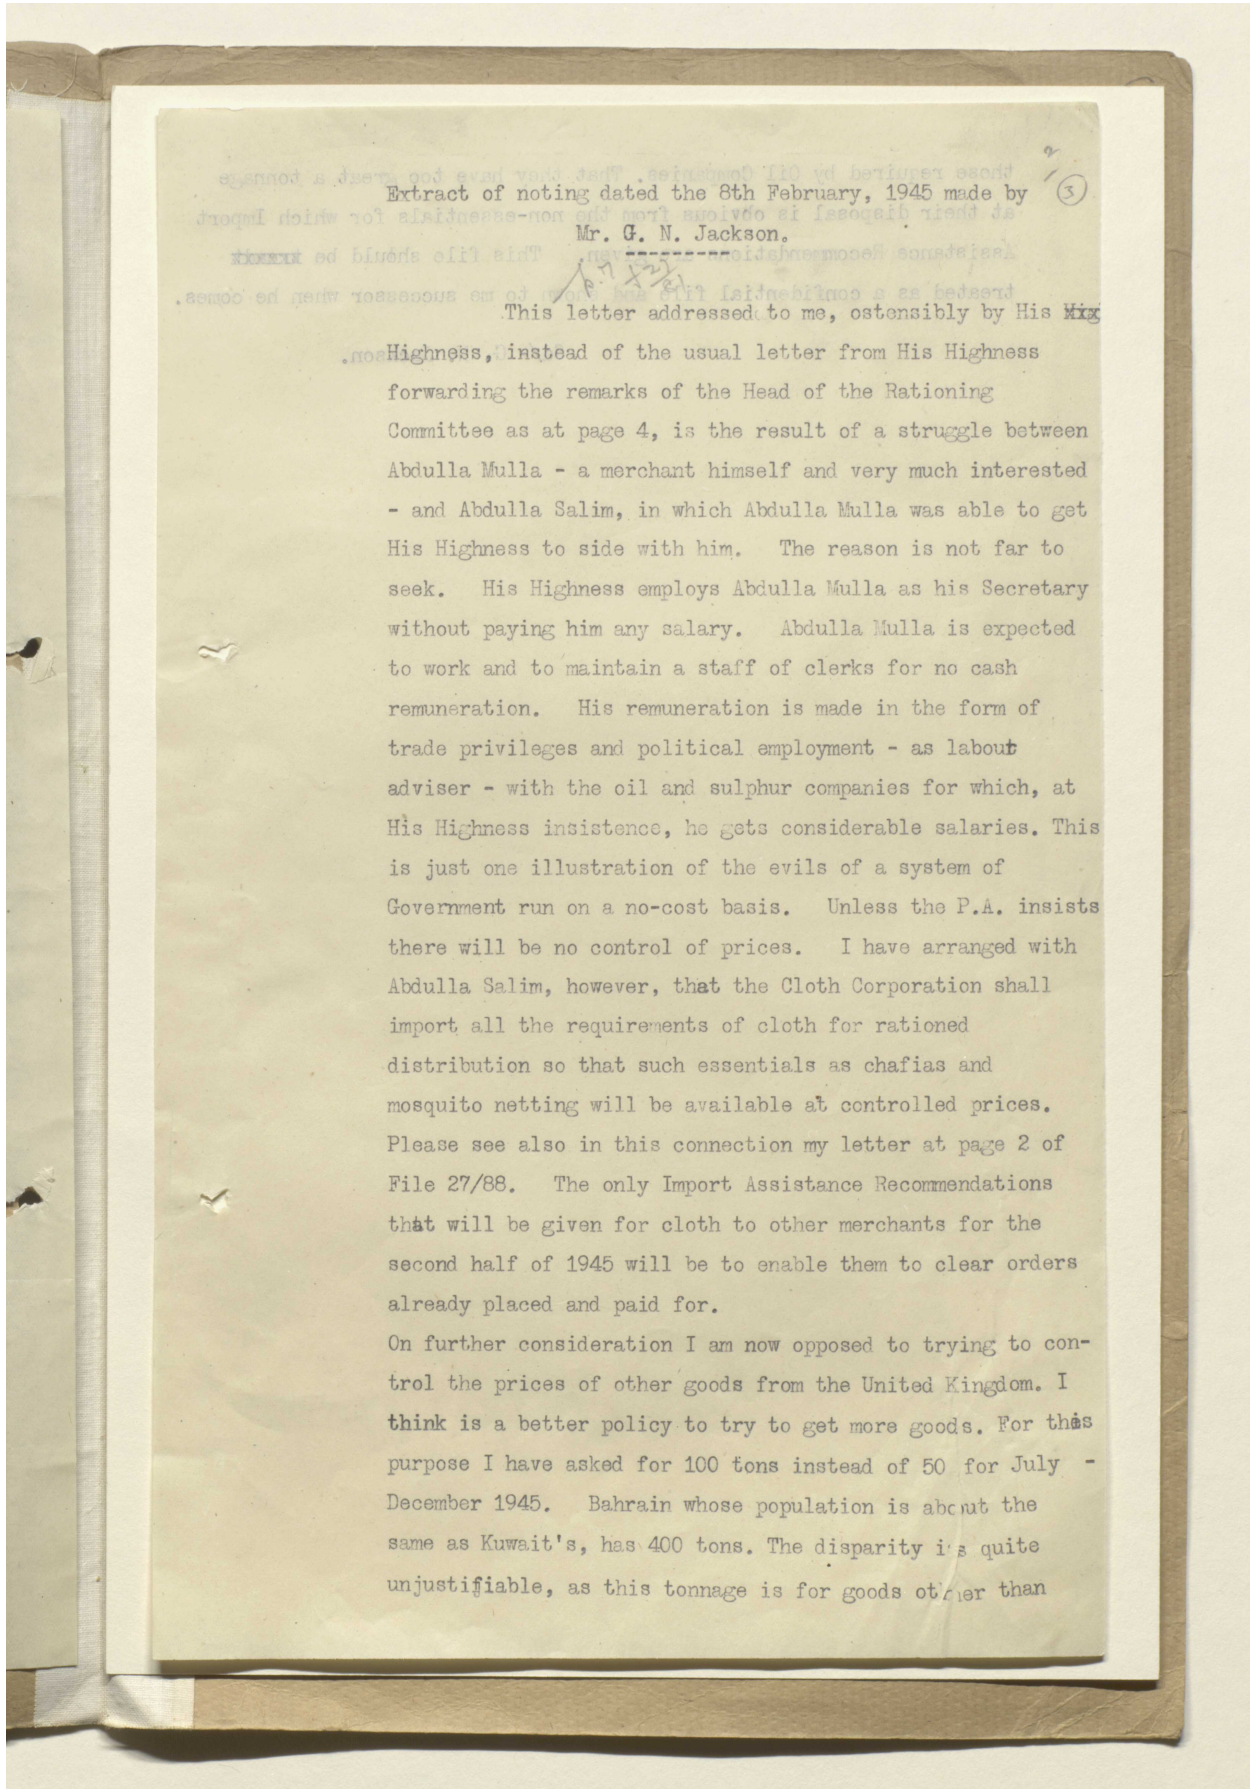

7. I am replying to the Tea Controller for India separately on the subject of these deductions, and I shall send you a copy. I merely mention this case as an instance of the evils arising out of His Highness' trying to run his government on a no-cot basis by employing a merchant as secretary and paying him in trade privileges rather than in cash.

Sir Geoffrey Prior, K.C.I.E.,
Political Resident in the
Persian Gulf, Bushire

2. Indications of Abdulla Mullas complicity in evasion of controls are becoming so frequent that would suggest if not late Khan Bahadur Insignia be held up until position clearer. Jackson agrees.
